

You are requested to attend a meeting of the Tenant Services Management Board to be held in The John Meikle Room, The Deane House, Belvedere Road, Taunton on 14 February 2011 at 18:00.

Agenda

- 1 Apologies.
- 2 Minutes of the meeting of the Tenant Services Management Board held on 13 January 2011 (attached).
- 3 Public Question Time.
- 4 Declaration of Interests
To receive declarations of personal or prejudicial interests, in accordance with the Code of Conduct.
- 5 DLO Transformation Project - verbal update by the Project Manager
Reporting Officer: Chris Hall
- 6 Implementing Self-Financing for Council Housing - update by the Housing Services Lead
Reporting Officer: Stephen Boland
- 7 Regeneration - Halcon North - verbal update by the Housing Enabling Lead
Reporting Officer: Lesley Webb
- 8 Anti-Social Behaviour Service Standard - report of the Housing Estates Manager and Estate Officer (attached)
Reporting Officers: Steven Clarke
Norah Day
- 9 Homefinder Somerset Revised Allocation Policy - update by the Housing Services Lead
Reporting Officer: Stephen Boland
- 10 Tenant Services Management Board Annual General Meeting - update by the Tenant Empowerment Manager
Reporting Officer: Martin Price
- 11 Welcome Pack - verbal report of the Housing Services Lead

Reporting Officer: Stephen Boland

Tonya Meers
Legal and Democratic Services Manager

15 February 2011

Members of the public are welcome to attend the meeting and listen to the discussions.

There is time set aside at the beginning of most meetings to allow the public to ask questions.

Speaking under “Public Question Time” is limited to 4 minutes per person in an overall period of 15 minutes. The Committee Administrator will keep a close watch on the time and the Chairman will be responsible for ensuring the time permitted does not overrun. The speaker will be allowed to address the Committee once only and will not be allowed to participate further in any debate.

If a member of the public wishes to address the Committee on any matter appearing on the agenda, the Chairman will normally permit this to occur when that item is reached and before the Councillors begin to debate the item.

This is more usual at meetings of the Council’s Planning Committee and details of the “rules” which apply at these meetings can be found in the leaflet “Having Your Say on Planning Applications”. A copy can be obtained free of charge from the Planning Reception Desk at The Deane House or by contacting the telephone number or e-mail address below.

If an item on the agenda is contentious, with a large number of people attending the meeting, a representative should be nominated to present the views of a group.

These arrangements do not apply to exempt (confidential) items on the agenda where any members of the press or public present will be asked to leave the Committee Room.

Full Council, Executive, Committees and Task and Finish Review agendas, reports and minutes are available on our website: www.tauntondeane.gov.uk

Lift access to the John Meikle Room and the other Committee Rooms on the first floor of The Deane House, is available from the main ground floor entrance. Toilet facilities, with wheelchair access, are also available off the landing directly outside the Committee Rooms.

An induction loop operates to enhance sound for anyone wearing a hearing aid or using a transmitter.

For further information about the meeting, please contact Democratic Services on 01823 356382 or email d.durham@tauntondeane.gov.uk

If you would like an agenda, a report or the minutes of a meeting translated into another language or into Braille, large print, audio tape or CD, please telephone us on 01823 356356 or email: enquiries@tauntondeane.gov.uk

Tenant Services Management Board Members:-

Councillor R Bowrah, BEM
Councillor S Brooks

Minutes of the meeting of the Tenant Services Management Board held on Thursday 13 January 2011 at 6pm in The John Meikle Room, the Deane House, Belvedere Road, Taunton.

Present: Mr Etherington (Chairman)
Mr Edwards (Vice- Chairman)
Councillors Bowrah and Brooks, Mrs Drage, Mr Galpin, Mrs Hegarty, Mr Hellier, Mrs Marshall and Mr Watkin

Officers: Stephen Boland (Housing Services Lead), Steven Clarke (Estate Officer), Chris Hall (DLO Project Manager), Helen Mockridge (Administrative Assistant), Martin Price (Tenant Empowerment Manager), Rosie Reed (Tenant Services Development Officer), Christine Thompson (Supported Housing Manager) and Kevin Toller (Strategic Director)

Others: Councillor Stuart-Thorn

(The meeting commenced at 6.05pm)

1. Minutes

The minutes of the meeting of the Tenant Services Management Board held on 6 December 2010 were taken as read and were signed.

2. Declaration of Interests

The following members declared a personal interest as a Council house tenant:

- Mrs Drage
- Mr Edwards
- Mr Etherington
- Mr Galpin
- Mrs Hegarty
- Mr Hellier
- Mrs Marshall
- Mr Watkin

Councillor Brooks declared a personal interest as a Council house tenant and a Member of Somerset County Council.

3. Installation of Solar PV Panels on the Housing Stock

Considered report previously circulated, concerning the options available for the installation of solar PV (solar panels installed on roofs) on appropriate properties within the housing stock.

The Sale of Electricity by Local Authorities (England and Wales) Regulations 2010 which came into force in August 2010 removed a restriction in place since 1989 and would allow local authorities in England and Wales to sell electricity generated from renewable as well as combined heat and power sources.

Local Authorities who sponsored renewable energy developments would benefit from lower energy bills and central government financial incentives, for example Feed in Tariffs and the Renewables Obligations.

This had opened the way for Local Authorities and tenants to benefit from the installation of renewable energy generation equipment on the Council's housing stock through the Feed in Tariff scheme (FiTs). Through this scheme, individuals, organisations and businesses in England, Wales and Scotland could claim cash back for electricity they produced from eligible renewable and low carbon sources. The scheme would provide a fixed payment for electricity generated called the 'generation tariff' and would also pay for any unused electricity exported to the grid, the 'export tariff'.

The Council was considering solar PV as the most viable option for a large number of their properties.

Solar PVs generated energy in the form of direct current from sunlight which was then converted. The South West was seen to be the most advantageous part of the UK to benefit from this.

The report detailed the most effective way of installing Solar PV. Taunton Deane had a total of 3573 properties which could benefit. A detailed analysis of each property was required to determine the structural integrity of the roofs. Investment could be needed to deal with any roofing problems and repairs would have to be carried out during the programme. It was suggested it would be good practice to review the insulation in the properties at the same time. Once completed the housing stock would be in a better condition for the Authority and the tenants.

The report showed the expected savings and costs which a typical family home would achieve.

Taunton Deane Borough Council had three basic options which could be pursued to install solar PV on appropriate properties within the housing stock:

- Arrange for contractor(s) to install solar PV at no cost to the Council. One or more contractors would be sought to install solar PV. The Council would be allowing the contractor to use the roof space. The contractors would be expected to bear all the costs of installation and maintenance. In return the Council would receive the appropriate FiTs.

The tenant would gain an amount of free electricity and the Council would gain positive publicity;

- Procurement – arrange for solar PV to be installed by the DLO and/or contractors paid for by the council. Contractors (maybe including the DLO) would be procured to install solar PV on behalf of the Council. The Council would expect to bear all the costs of installation and maintenance and in return receive the appropriate FiTs. The tenant would gain an amount of free electricity. Short term funding would be significant; or
- Join a consortium which would appoint a provider to install solar PV, with the option of the Council contributing capital funding. The Council would join an existing consortium such as Advantage South West, who was already procuring contractors to install solar PV on social housing. The consortium would establish an organisation to manage the installation. The Council could decide whether or not to invest any capital. The tenant would gain an amount of free electricity. The Council and the consortium would share income gained from the Generation Tariff.

A detailed analysis of each option was reported.

The questions which needed to be asked before a final decision was made were as follows:

- Where would the Council fund any investment from, GF or HRA?
- Where would any generation tariff received from the Council go, GF or HRA?
- Would individual tenants receive free electricity or was there a way of pooling the value of free electricity to spread it equally among all tenants?
- What would happen to the equipment and its ongoing maintenance at the end of 25 years?

The report concluded that whilst the use of contractors to fund and install solar PV presented the least risk to the Council, it also provided the least benefit and did not enable the Council to make any use of the funding available from electricity generation.

The funding of installation by the Council was the highest risk option. All risks and benefits would be borne by the Council. At worst, if the FiTs were no longer available during the 25 year period, the Council could find itself in the position of having significant loans with no income to pay them off. At best the Council would have a steady income over 25 years as a return on its investment.

The option of the Council joining with a consortium in principle appeared to offer the Council low risks with some return. Although the returns would not

be as great as option 2, there was a key advantage in that the programme would be managed through the consortium.

The Board were asked for their comments before the final report was finalised.

Board Members asked the following questions. Responses are shown in italics:-

- Were the roofs of the Council houses big enough to take the solar panels? *The size of the roof was one of the factors to be considered as well as the age of the roof. Unsuitable properties would need to be weeded out,*
- Would the Council eventually recover the costs of installing solar panels? *Yes. By April 2012 the grants would go down approximately 7% however by April 2013 the grant would go down considerably more;*
- Were solar panels the only option? *No the Consortium would consider all options available.*

Resolved that Taunton Deane Borough Council pursue the Consortium option.

4. DLO Transformation Project

Considered report previously circulated regarding the interim plan for internal transformation of the DLO which had been agreed by the Executive on 1 December and Full Council of 14 December 2010.

A new interim management structure had been implemented at the DLO bringing its structure in line with the arrangements of other themes within the Council.

Housing Property Services had been moved from Theme 3 DLO to Theme 4 Community Services as recommended by the Audit Commission.

Savings from the interim management restructure would help the Authority with the challenge of setting its 2011/12 budget.

Work to simplify the financial set up Of the DLO would start in the New Year.

The report set out the tasks, outcomes and milestones delivered and for the next period.

With regard to the major risks and issues, a revised risk register focusing on the internal transformation plan had been developed for the internal transformation project to run alongside the risk register for the project as a whole.

A finance project to examine the complexity of the DLO trading accounts had begun. External support had been brought in to look at the coding structure in order to simplify it for transparent accounting.

5. Regeneration – Halcon North

The Tenant Empowerment Manager updated members on the proposed regeneration of Halcon North.

Alison North, Performance and Client Lead, had taken on the role of Project Manager. She was working on the business plan and would appoint a consultant to assess the delivery options available.

Drop in surgeries for tenants would recommence on Tuesday 18 January 2011 at the Link Centre between 2 and 4pm.

6. Finance Update

The Council House Voids report was circulated by Mr Boland. The report had previously gone to Community Scrutiny on 11 January 2011.

The report provided members with information on void property performance in relation to council owned stock.

Statistical information was provided for 2009/2010 and 2010 to date relating to those voids.

Details of the actions being taken to address the voids performance were described following advice and assistance work carried out by the Audit Commission.

Members of the Board were asked to read the report and indicate whether they wished to receive reports in the future. Any questions and comments would be brought to the Tenant Services Management Board meeting in June 2011.

7. Communities and Local Government Consultation ‘Local Decisions: A Fairer Future for Social Housing’

Considered report previously circulated, concerning the Government’s consultation paper that outlined its proposals to reform the way that Councils were able to manage their waiting lists for Council and housing association homes. The document also outlined fundamental changes to the types of tenancy that could be offered to new Council and housing association tenants and the accommodation that could be offered to homeless households accepted for re-housing by the Councils. The response from a tenants’ consultation event held on 10th January and the Tenant’s Forum was included in the report.

The five key objectives of social housing reform were:

- Localism, fairness, and focussing social housing on those most in need, in a way that enabled them to use it as a springboard to opportunity;

- Social housing was flexible and available to more people and to those that genuinely needed it;
- To make the best use of social rented homes;
- To Increase freedoms available to all social landlords to determine the sort of tenancy they granted to new tenants; and
- To protect the rights of existing tenants.

The topics covered in the consultation document were social housing tenancies, empty homes, social housing allocations, mobility, homelessness, regulation and Council housing finance. Responses were required by the Government by 17 January 2011.

Local Authorities and housing associations would be able to let social housing on fixed term, rather than lifetime tenancies. The fixed term would be a minimum of two years. Tenants would then have the option to remain in social housing, or move into the private rented sector or home ownership.

Tenants, who did not have their tenancies reissued and were unable to obtain alternative accommodation, would be considered to have become homeless unintentionally. There was an expectation that advice and assistance would be provided to tenants, to help them find alternative accommodation.

The Government would create a fixed term tenancy with a minimum fixed term of two years. This was an additional tenancy and Local Authorities could choose to give longer term tenancies, or not offer them at all.

A tenancy standard would be used to increase freedom for all social landlords and would give housing associations the same ability to offer fixed term tenancies as Local Authorities.

Local Authorities would have a duty to publish a strategic policy on tenancies and social landlords would be required to publish and follow a policy on tenure.

The Government was introducing 'affordable rent' which would help those who would not otherwise have been able to afford adequate housing in the market. These tenancies could be offered by housing associations and not Local Authorities and would be offered on a fixed term of at least two years.

The Government was consulting on measures to empower local communities to tackle empty homes, such as the New Homes Bonus incentive. An investment of £100m would be made by the Government to refurbish 3,000 empty properties and manage them at an affordable rent for up to 10 years.

The Government intended to legislate to give Local Authorities freedom to determine which categories of applicant should qualify to join the waiting list. The rules that determined which people from abroad were eligible for social housing would be set centrally.

Measures would be taken to increase mobility within the social housing sector. These included taking transferring tenants out of the allocation system, which would avoid them competing on the waiting list.

Local Authorities would be given the flexibility to bring the homelessness duty to an end with an offer of suitable accommodation in the private rented sector without requiring the household's agreement.

The Government were considering reviewing the legal and statutory framework concerning overcrowding.

There were plans to implement the recommendations of the review into the role and purpose of the Tenant Services Authority and the framework for social housing regulation via the Localism Bill.

The Government intended to replace the Housing Revenue Account system with a new self financing arrangement.

The suggested response from the Council included the following:

- The Council welcomed the provision to retain secured tenancies for existing tenants. The review of existing tenant eligibility for social housing was likely to require additional staff and financial resources;
- There was concern for the long term stability of communities if the proposed new flexible fixed term tenancies left increased proportions of households on low income living in a particular area;
- The Council were concerned about extending the Right to Buy to tenants with fixed term tenancies, as the purpose of such tenancies was to encourage tenants to move into the private sector;
- Affordable rent would be helpful and the rental income generated could be reinvested to provide new housing;
- The Council welcomed the measures to tackle empty homes;
- The retention of the reasonable preference groups and the opportunity to determine other priority groups was welcomed;
- Measures which enabled social housing landlords to make the best use of their stock were supported;
- The Council welcomed proposals that enabled it to discharge its homelessness duty;
- Simplification of the current legal and regulatory framework was supported; and
- Service standards were welcomed, which would help drive service improvements and tenant problems/landlord failings.

The comments from the Members of this Board would be incorporated into the response. Members of the Board made the following comments:-

- Longer fixed term tenancies should be considered as some families could have children in education past the age of 16; and
- They would like the opportunity to be involved with shaping and agreeing any considered changes to tenure involving Taunton Deane Borough Council.

Resolved that the Council's response to the government consultation be supported.

8. Guest Rooms in Sheltered Housing

Considered report previously circulated asking the Tenant Services Management Board to note the recommendations as a result of the comments at the Board meeting on 11 October 2010 and the outcome of the Sheltered Housing Forum meeting on 28 October 2010.

This report updated the Board on the report submitted at the meeting on the 11 October 2010. At that meeting it was suggested that the availability of guest rooms in sheltered schemes service be more widely advertised.

The condition of use of Guest Rooms was reported and stated that the rooms were only for the use of relatives and friends of tenants on the schemes. At the Sheltered Housing Forum it had been asked whether this still applied or whether this facility could be offered to all tenants. It was considered that this condition should still apply. Flyers had been sent to residents and information provided in tenant's newsletters.

The Supported Housing Manager reported the following:

- That the availability of guest rooms would be advertised more widely to residents in sheltered schemes;
- That the use of these facilities would be monitored and reported back to the Sheltered Housing Forum; and
- After consultation with residents groups that consideration would be given to better use being made of this facility, where it was under used.

These actions would be monitored and the results reported to the Board in April.

Resolved that the report be noted.

9. Status Survey

The Housing Services Lead reported that as a Landlord, the Council needed to gather information to scrutinise the service it provided to tenants to

determine if they were being offered value for money. A Tenant Status Survey needed to be commissioned.

There were two options available for the feedback service. The service would include project management, postal fieldwork and a report:-

There was the option of a tenant friendly report at a cost of £300.

- Option 1 – This would sample 1,450 tenants and involve 3 mail outs. This would cost a total of £7,200;
- Option 2 – This would sample 1,450 tenants and involve 2 full mail outs. This would cost a total of £6,850;

The Board felt that costs would need to be closely monitored. The cost would come from the Housing Revenue Account. The Housing Services Lead would ensure there was no additional liability and would get an explicit breakdown of cost.

Resolved that Option 1 be adopted together with the optional Tenant Friendly Report.

(The meeting ended at 8.30pm)

Tenant Services Management Board – 14th February 2011

Report on the Paper “Implementing self financing for council housing” published by Communities and Local Government 1 February 2011

1. Introduction

1.1 Scope and status of the Publication

The purpose of the document was to set out the rationale, methodology, financial parameters and outlines of policies that will support the implementation of the devolved system building on the proposals set out in the March 2010 consultation paper.

2. Objectives

The objectives of these reforms which will be implemented in April 2012 are:

2.1 To give local authorities the resources, incentives and flexibility they need to manage their own housing stock.

2.2 To have transparency in order to give tenants clear information as to how and where the rent collected by the landlord is spent.

2.3 The reforms are based on individual local authority's housing business in order to give a sustainable self-financing settlement. The reforms are not redistributing a fixed amount of debt between local authorities but will abolish Housing Revenue Account Subsidy.

2.4 All the reforms only have implications to the Housing Revenue Account (HRA) and do not impact on the General Fund.

3. The self-financing settlement

3.1 Self financing will put all authorities in the position where they are able to support their own stock from their own income. In order to do this a level of debt has been agreed for each authority based on the valuation of its stock. If this valuation is higher than that shown at present in the HRA subsidy as in the case of Taunton Deane Borough Council (TDBC) a loan will be required to pay the government the difference. In TDBC's case the current estimated self-financing settlement payment amounts to £87.2m (this figure may well change before the final settlement is announced in January 2012).

3.2 Valuations are based on income and need for the next 30 years with assumptions relating to income following the Government's rent policy with expenditure for maintaining and managing the stock coming from evidence gathered in 2009 and 2010.

3.3 The key components to self financing are:-

3.3.1 Income – It is only rental income that is included within the valuation as service charges are not included within the subsidy system.

It is assumed that local authorities will follow national social rent policy with the aim that the rent charged by local authorities will be in line with that charged by housing associations, this is known as convergence. It is anticipated that convergence will be reached by 2015/2016; from then on rent increases will be set by Retail Prices Index + 0.5 per cent per annum. Housing Benefit will still be paid based on Limit Rent until convergence although with introduction of Universal Credit operation of the limit rent will need to be considered by the Government.

3.3.2 Expenditure - The spending needs have been recalculated giving Local Authorities more money to spend on maintaining managing and repairing stock. For the first time disabled adaptations have been included within the calculation providing additional funding as the needs of tenants change.

3.4 Other Factors - With additional debt being taken there will be further responsibilities for Treasury Management so funding for this has been included based on the amount of debt.

3.4.1 Demolitions - After the consultation stage it was decided that if any firm plans to demolish properties within the next few years were in place then these would be excluded.

Communities and Local Government (CLG) is also prepared to take account of future demolitions providing that the councils is able to provide evidence that firm plans have already been developed and that a property specific consultation with affected tenants has been undertaken or is under way by September 2011. Although data on expected demolitions will be collected and audited via the Base Data any council submitting supporting evidence must contact CLG by the end of March 2011.

3.4.2 Right to Buy Receipts - There will no change relating to Right to Buy receipts so 75% of receipts will be paid over to the Government for the period of the spending review (next four years).

4. Settlement

As mentioned previously those authorities with a higher valuation compared to that shown in the Housing Revenue Subsidy will need to pay the Government but as this is for most authorities higher than the actual debt they will be making smaller payments.

5. Borrowing

Whilst self financing gives councils a large income stream and the prudential borrowing rules ensure that any borrowing is affordable the Government is to impose limits on borrowing for council housing in each local authority. The limit of their borrowings will be the level of their self financing valuation. For TDBC the Self Financing Valuation is £117.8m and the self financing settlement payment £87.2m this leaves head room of £30.6m. TDBC already has borrowings of £14.51m in the HRA so the available borrowing after self financing would be £16.09m.

The paper encourages local authorities to seek their own financial advice early as possible to ensure a smooth transaction to self financing. It also stresses that in order to facilitate the successful implementation of self-financing, local authorities are encouraged to get in touch with the Public Works Loan Board now if there is a possibility they will be seeking additional loans from them in order to meet their settlement payment.

6. Ensuring an accurate valuation

It is imperative that accurate data relating to stock numbers is provided when completing the Base Data return which will be audited in September 2011. In addition further data will be required for the self financing settlement calculation these will be notified in June 2011.

7. Housing Revenue Account

The statutory ring-fence on the Housing Revenue Account will NOT be removed. CIPFA has produced draft guidance on an accounting framework for council housing under self-financing.

8. Conclusion

Self-financing will happen and in preparation TDBC will be engaging Robin Tebbutt from Housing Quality Network to work alongside the finance team planning the transition. As things progress updates will be issued.

For quick reference key dates are attached in appendix 1.

Appendix 1

Key Dates

Date	Action
Now	Get in touch with Public Works Loan Board to discuss loans for additional debt.
March 2011	Stakeholder events with local authorities. Local authorities planning to submit evidence on demolitions to contact CLG.
June 2011	Forms sent out to collect data on stock
August 2011	Data for self-financing provided to CLG
August 2011 onwards	Data verified
November 2011	Consultation on self-financing determinations
December 2011	CLG and PWLB issue joint letter to each local authority setting out arrangements for land and debt redemption
January 2012	Final self-financing determination published. Local authorities to tell Public Works Loan Board how much they need to borrow.
April 2012	Transactions between local authorities and CLG to enable the start of self-financing.
March 2013	Cut-off for final payments to end subsidy system

Tenant Services Management Board – 14th February 2011

Anti Social Behaviour Service Standard

Report of – Steven Clarke Estate Officer

Executive Summary

This report has been produced to propose a new service standard for Anti Social Behaviour (ASB) for Taunton Deane Borough Council Landlord Services.

It outlines the service tenants in council housing can expect from landlord services on managing Anti Social Behaviour.

It provides details of the specific elements of the service.

It will show how the current service works and the time scales involved in contacting the complainants.

The standard will also show that Taunton Deane Borough Council (TDBC) will keep in contact with the complainant.

1. Purpose of the Report

To provide the Tenants Services Management Board (TSMB) with the opportunity to comment and shape the service standard for Anti Social Behaviour (ASB).

2. Background to this report

Landlord services are responsible for ensuring tenants comply with their tenancy agreement and do not behave in an anti social manner within our communities. TDBC house some of the most vulnerable and disadvantaged in our society and we must show support to them.

The service standard will show to tenants the minimum standard they can expect from TDBC in relation to the investigation of neighbour nuisance or anti social behaviour.

- Register their complaint
- What our responses will be to their report
- What actions landlord services can take in relation to anti social behaviour

3. **Aim of the Standard**

To meet the requirements of the anti social behaviour policy and procedures. To give tenants clear information on what they can expect from TDBC, and the support and assistance available to them.

4. **Approximate Costs**

The cost of implementing this standard will be met within existing budgets. It is the intention that the standard will be incorporated into the welcome pack for new tenants.

5. **Impact on Tenants**

Tenants will be better informed on what to expect from their landlord and what is expected of them and the implications of their behaviour.

6. **Diversity**

Some tenants may need specific help to fully access the standard, where required officers will visit vulnerable tenants to explain the standard and then identify any specific needs, referrals for ongoing support maybe made at this stage. Additionally information may be required in different formats:

- Large Font
- Audio Version
- Different Languages
- Website page

7. **Timetable**

14/2/11 – Draft standard reviewed by TSMB standard implemented with immediate effect if approved.

01/4/11 – Introduce the standard into the new tenancy handbook

8. **Outcomes**

The outcomes that can be expected from the implementation of this standard are:

- Improved information to tenants on the landlord service.
- Tenants more aware of service provided by TDBC
- Performance will be monitored and reported back to TSMB

9. **Information Plan**

If implemented it is intended to inform all tenants of the new standard by updating existing Tenant Welcome packs, writing a new page for Housing Website and providing information in the next edition of Deane housing News.

10. **Recommendation**

We recommend that the Tenant Services Management Board approve the proposed ASB Service Standard as set out in Appendix 1 to this report.

11. **Contact Officers:**

Steven Clarke, Estates Officer, 01823 356332 Ext 2693,
<mailto:s. Clarke@tauntondeane.gov.uk>

Appendix 1

Anti Social Behaviour Service Standard

Tenant Services Management Board – 14th February 2011

Anti Social Behaviour Service Standard

This service standard sets out what you can expect from Taunton Deane Borough Council Housing Services in relation to acts of Anti Social Behaviour by Council Tenants or their visitors.

We are committed to provide you with a service that meets our communities specific and individual needs.

The Housing Service will investigate every report of neighbour nuisance and anti-social behaviour and give advice and take any action necessary where at least one of the parties involved is an occupant of a TDBC property, or a property sold via a leasehold agreement. We will work with our tenants to improve our service.

We will:

Register your Anti Social Behaviour Complaint

We will ask all Victims and Witnesses for their preferred method of contact and send an acknowledgement within 1 working day.

- A date by which they can expect to receive contact
- The Neighbour Nuisance Diary
- The name of the officer dealing with your complaint.

Our Response to your Report

Once you have told us about the problem we will offer you an interview as follows

- Within 1 working day if the incident is classed as serious (threats, physical violence)
- Within 5 working days for cases involving persistent harassment
- Within 10 days for all other incidents

Keeping you updated

We will keep you up to date with progress in relation to your complaint and agree with you how we will do this and how often.

Providing Support

We will offer a range of solutions to help resolve your complaint (Example advice and support, mediation, acceptable behaviour contracts and legal action)

Staff Training

We will ensure our staff has appropriate training relating to Anti Social Behaviour.

Anti Social Behaviour

Service Standard

What we can do to help you with Anti Social Behaviour caused by Council Tenants or their visitors.

The Housing Service will investigate every report of neighbour nuisance and anti-social behaviour and give advice and take any action necessary where at least one of the parties involved is an occupant of a Taunton Deane Borough Council property, or a property sold via a leasehold agreement.

We are committed to provide you with a service that meets our communities specific and individual needs.

We will:

Register your Anti Social Behaviour Complaint

We will ask all Victims and Witnesses for their preferred method of contact and send an acknowledgement within 1 working day.

- Date by which they can expect to receive contact
- Neighbour Nuisance Diary
- Name of the officer dealing with your complaint.

Our Response to your Report

Once you have told us about the problem we will offer you an interview as follows

- Within 1 working day if the incident is classed as serious (threats, physical violence)
- Within 5 working days for cases involving persistent harassment
- Within 10 days for all other incidents

Keeping you updated

We will keep you up to date with progress in relation to your complaint and agree with you how we will do this and how often.

Providing Support

We will offer a range of solutions to help resolve your complaint (example advice and support, mediation, Acceptable Behaviour Contracts and legal action).

Staff Training

We will ensure our staff have appropriate training relating to Anti Social Behaviour.

Confidentiality

We will keep the identity of victims/witnesses confidential when requested.

Ask you what you think of our services and use what you tell us to improve those services.

We will work with our tenants to improve our service.

Taunton Deane Borough Council

Tenant Services Management Board –14th February 2011

Homefinder Somerset Common Allocations Policy –

Revised Policy December 2010

Report of Stephen Boland – Housing Services Lead

(This matter is the responsibility of Executive Councillor Jean Adkins)

1.0 Executive Summary

The Homefinder Somerset Monitoring Board Review Group has undertaken a detailed and thorough review of the partnership allocations policy.

The review has also included the findings of the Somerset wide overview and scrutiny review undertaken by Members.

Applicant and stakeholder consultation has confirmed that there is wide support for the changes being proposed.

Subject to approval, the proposed changes are planned to be implemented across the Homefinder Somerset partnership early in May / June 2011.

2.0 Introduction

The Homefinder Somerset partnership was formed in 2005. The partnership secured central government funding for the introduction of Choice Based Letting (CBL) as a method of allocating social housing in the Somerset area. This partnership also sought to maximise the efficiency benefits of a joint procurement exercise for a new computer system and the benefits to the housing register applicants and landlords in Somerset of having one common allocations policy across the county.

This partnership, made up of the five housing authorities within Somerset and their principle social housing landlords began a project to implement CBL using a new computer system. The new CBL scheme together with a common allocations policy and common housing register application form were successfully implemented in December 2008. Since that time the scheme has operated very effectively.

At the outset the key partners recognised that there would need to be a mechanism for any issues to be highlighted and taken account of in terms of an allocation policy review. As such both the local authority and landlord partners

have raised any concerns that they have on the allocations policy, housing register application form and computer system via various partnership groups.

3.0 Homefinder Somerset review

Early in 2010 the Homefinder Somerset Monitoring Board agreed that a subgroup should focus on a full review of the allocation policy, the housing register form and the CBL computer system. This review has drawn upon the following strands of work:

- Listing of issues compiled from partnership landlord and local authority officer groups;
- Detailed report of a countywide overview and scrutiny review carried out by Members of the various local authority partners;
- Revised government guidance on allocations contained in 'Fair and flexible: statutory guidance on social housing allocations for local authorities in England'; and
- A discussion on the latest government white paper 'Local decisions: a fairer future for social housing'.

This report sets out:

- the work of the review group;
- the resulting proposed changes to the common allocations policy; and
- public and stakeholder consultation that has been undertaken and its results

4.0 What the review has covered

The review group has discussed in detail all the issues that have been raised by landlords and local authority partners since the CBL scheme went live. In addition the review group considered a detailed scrutiny review that has been undertaken on the CBL scheme by a joint Member Scrutiny Panel. This scrutiny review concentrated on the customer facing aspects of the scheme and as such its findings and recommendations (which were set out in a 66 page report) have been closely analysed to ensure that wherever possible and affordable, suggested improvements can be made.

5.0 Proposed changes and consultation

After full consideration of the issues and recommendations set out above the review group agreed on a set of amendments to the common allocations policy. In line with best practice and legislative requirements, the partnership then consulted on these proposed changes, with a sample of applicants (10% of all

active applicants were consulted) and all stakeholders being consulted. The consultation period ran from late October to early December 2010.

The key proposed changes to the policy are:

- Assessment of applicant finances to establish if an applicant can meet their own housing needs;
- Assessing the level of medical considerations is proposed to change. Gold Band criteria will change from Life Threatening to Serious medical conditions and the Silver Band criteria will be reduced from Significant to Moderate medical conditions;
- Households who match 4 or more Silver Band 'housing needs' will be awarded Gold Band status for cumulative housing need;
- Tenants of Homefinder Somerset Partners, who live in Somerset and are required to relocate due to major rebuilding or renovation works, will be placed into Gold Band to facilitate the rebuilding/renovation works;
- The removal of the priority given to households with children under 10 that have no access to an enclosed garden as a consideration for silver banding (so they do not have the same priority as applicants who are homeless);
- Due to the shortage of social housing in the area, applicants with children who do not live with them permanently will not be entitled to an additional bedroom (this currently benefits single applicants only);
- To amend the policy to make it clearer when a property can be labelled for priority to local applicants;
- For a clearer definition of 'local connection' which is based on that used for homelessness. This makes it clearer for applicants and officers what 'local connection' means in terms of the common allocation policy;
- That homeless cases awarded Gold Band status who do not bid for suitable properties within 8 – 16 weeks may have automatic bids placed on their behalf by the relevant local authority for suitable properties – applicants will be consulted before this change is imposed;
- In order to reduce the number of applicants refusing offers, it is proposed that applicants who refuse 3 formal suitable offers may be placed into Bronze Band for 3 months, this would exclude accepted homeless cases; and
- In order to simplify the housing register application process it is proposed that the application form be amended so that it is reduced in size by approximately 50%;

The response to the consultation (Appendix 1) was positive with the majority of applicants and stakeholders agreeing with the proposed changes (in most cases

at least 60% agreeing or strongly agreeing with the proposed change and between 20 and 30% expressing no view).

In light of this response and having reviewed all of the consultation comments no changes have been made to the revised draft allocations policy (Appendix 2).

An equality impact assessment of the changes proposed in the revised policy has been undertaken and an action table produced (Appendix 3).

6.0 Recommendation

It is therefore recommended that the Tenant Services Management Board:

- Note the findings into the review of the existing Homefinder Somerset Common Allocations Policy
- Approve the revised draft Homefinder Somerset Common Allocations Policy.

Results of Homefinder Somerset Allocations Policy Consultation

December 2010

Updated for Monitoring Board 1st February 2011

V2.0 12th January 2011
Anne Harland

Contents

1.0	Introduction	6
2.0	Summary of Responses.....	6
3.0	Detailed Applicant Feedback	8
3.2	Q1 – Which Local Authority Area do you currently live in?	8
3.3	Q2 – Please indicate whether you are a Tenant, Applicant or Other?	8
3.4	Q3 - Should housing register staff be assessing a household’s finances to identify whether they have sufficient income or savings to be able to afford alternative housing? (See Section 6.2 – 6.10 of the revised policy – Applicants Financial Resources)	9
3.5	Q4 - If an applicant bids and accepts a property knowing that it does not meet their housing needs, and subsequently reapplies for housing then they will be placed into a lower band, unless there is a change in circumstance. (See Section 6.11-Banding Criteria)	10
3.6	Q5 - To what extent do you agree/disagree with the proposed changes to the Gold Band assessment criteria set out below. The 4 criteria are each analysed separately.	11
3.7	Q6 - Assessing the level of medical considerations is proposed to change. Gold Band criteria will change from Life Threatening to Serious medical conditions and the Silver Band criteria will be reduced from Significant to Moderate medical conditions. (See Section 14 – 14.5 Medical Assessments & Appendix 2 of the policy)	13
3.8	Q7 - In order to reduce youth homelessness we are looking to introduce a tenant accreditation scheme across Somerset. This scheme will provide young people with the necessary life skills to sustain new tenancies. Some properties may be advertised with preference given to those applicants that have completed the accreditation course. Do you agree with this proposal? 13	
3.9	Q8 - Care Leavers who are ready to live independently will be awarded Gold Band, in order to enable them to find suitable accommodation (See Section 6.11.8 of the policy Care Leavers)..	14
3.10	Q9 - Households who match 4 or more Silver Band ‘housing needs’ will be awarded Gold Band status for cumulative need. (See Section 6.11.10 of the policy Cumulative Need)	14
3.11	Q10 - Tenants of Homefinder Somerset Partners, who live in Somerset and are required to relocate due to major rebuilding or renovation works, will be placed into Gold Band under Decants. (See Section 6.11.11 of the policy on Decants).....	15
3.12	Q11 - On occasions Homefinder Somerset Landlords may need to award Gold Band to applicants who have been left in a property but have no legal right to remain there: to what extent do you agree they should be placed into Gold Band to help them move? (See Section 6.11.12the policy on Tenancy Succession).....	15
3.13	Q12 - Applicants who live in a property with shared facilities will be placed into Silver Band and not Bronze Band. (See Section 6.11.15 of the policy on Lodgers/Shared Facilities)	16
3.14	Q13 - Applicants who need to move to the Homefinder area to be nearer their place of work will be awarded Silver Band. (See Section 6.11.19 of the policy on Work/Support).....	16
3.15	Q14 - We intend to remove the priority given to households with children under 10, with no access to an enclosed garden as a consideration for any housing (so they do not have the same priority as applicants who are homeless) (See Sections 6.11.22 & 6.11.17 of the policy - Other Homeless & Gardens).	17

3.16 Q15 - Single people or couples living in a self-contained bedsit or studio flat will be awarded Bronze band and assessed as adequately housed. (See Sections 6.11.23 of the policy - Adequately Housed) 18

3.17 Q16 - The way that we will assess bedroom need has changed slightly - the following general rules will apply: Household members living together as a couple will be assessed as requiring 1 bedroom unless there are exceptional circumstances. Additional adults (defined as being 16 years of age or older) living permanently in a household will require an extra bedroom but may share if of the same gender. A maximum of two people can share a bedroom. Children who are over 7 and of different genders will require their own room. As a general point an applicants minimum bedroom requirement will be based on household members that are over 7 years old and under 16 years of age that are of the same sex sharing a bedroom, with household members over 7 years old and under 16 years of age of different sexes requiring their own rooms. The maximum entitlement will be based on all household members over 7 years of age requiring their own room. When letting houses, priority will normally be given to households with children under 16. The overall assessment will now be based on the minimum bedroom requirement for the household (See Section 13.1 (a) Bedroom Matrix) 18

3.18 Q17 - Due to the shortage of Social Housing in the area, applicants with children who do not live with them permanently will not be entitled to an additional bedroom (See Section 13.2 of the policy Size of Property) 19

3.19 Q18 - On occasions Homefinder Somerset Landlords may restrict the size of property that households can apply for or allow applicants to under-occupy in order to help create local balanced communities. (See Section 13.1 of the policy Size of Property)..... 20

3.20 Q19 – To what extent do you agree/disagree with the following statements regarding the size of property applicants can apply for:..... 21

3.21 Q20 - Do you agree that Landlords should be able to label properties in rural areas for priority to households who have a local connection to that parish? (See Section 22.5 of the policy Local Connection)..... 22

3.22 Q21 - The wording for the supported accommodation criteria has changed to enable Landlords to allocate supported housing to applicants who may not have support needs (See Section 22.3 of the policy on Supported Accommodation) 22

3.23 Q22 - A definition of local connection has been added to the policy for clarification - this is set out below: 23

3.24 Q23 - We are looking at ways in which we can enable the allocation of properties in very rural areas to applicants with a local connection to that area - please give us your views on the following statements 24

3.25 25

3.26 Q25 - Applicants fleeing harassment will be monitored to identify patterns of bidding. If the applicant bids for a property in the same area they are fleeing harassment from the landlord may not offer the property. (See Section 24.5 of the policy - Selection Procedure) 26

3.27 Q26 - Homeless cases awarded Gold Band who do not bid for suitable properties within 8 – 16 weeks may have automatic bids placed on their behalf by the relevant Local Authority. (See Section 26.6 Refusals) 26

3.28 Q27 - To reduce the number of applicants refusing offers, applicants who refuse 3 formal suitable offers may be placed into Bronze Band for 3 months, excluding accepted homeless cases. (See Section 26.7 of the policy Refusals) 27

3.29 Q28 - The term ‘bidding’ has been used throughout the Policy, website and associated publications as the method for applicants to ‘express an interest’ in a property..... 27

Homefinder Somerset Allocations Policy Consultation Response Summary

3.30	Q29 - Are you satisfied that the Homefinder Somerset scheme is fair and equitable in meeting the needs of the full range of actual and potential tenants; including those with support needs and those who do not have English as their first language?.....	28
3.31	Q30 – If you are a vulnerable applicant do you require help with the following:.....	29
3.32	Q32 We are re-designing the Homefinder Somerset Housing Register application form so that it is simpler, shorter and easier to understand. Do you agree that these changes will make applying to the register easier?	30
3.33	Would you be happy to complete a Change of Circumstances form on-line?	31
4.0	Detailed Stakeholder Consultation Responses	32
4.2	Q2 – Which area do you work in?.....	34
4.3	Q3 – Should housing register staff be assessing a household’s finances to identify whether they have sufficient income or savings to be able to afford alternative housing? (See Section 6.2 – 6.10 of the revised policy – Applicants Financial Resources)	35
4.4	Q4 - If an applicant bids and accepts a property knowing that it does not meet their housing needs, and subsequently reapplies for housing then they will be placed into a lower band, unless there is a change in circumstance. (See Section 6.11-Banding Criteria)	35
4.5	Q5 To what extent do you agree/disagree with the proposed changes to the Gold Band assessment criteria set out below.	36
4.6	Q6 Assessing the level of medical considerations is proposed to change. Gold Band criteria will change from Life Threatening to Serious medical conditions and the Silver Band criteria will be reduced from Significant to Moderate medical conditions. (See Section 14 – 14.5 Medical Assessments & Appendix 2 of the policy).....	38
4.7	Q7 In order to reduce youth homelessness we are looking to introduce a tenant accreditation scheme across Somerset. This scheme will provide young people with the necessary life skills to sustain new tenancies. Some properties may be advertised with preference given to those applicants that have completed the accreditation course. Do you agree with this proposal? 39	
4.8	Q8 Care Leavers who are ready to live independently will be awarded Gold Band, in order to enable them to find suitable accommodation (See Section 6.11.8 of the policy Care Leavers)..	39
4.9	Q9 Households who match 4 or more Silver Band ‘housing needs’ will be awarded Gold Band status for cumulative need. (See Section 6.11.10 of the policy Cumulative Need)	40
4.10	Q10 Tenants of Homefinder Somerset Partners, who live in Somerset and are required to relocate due to major rebuilding or renovation works, will be placed into Gold Band under Decants. (See Section 6.11.11 of the policy on Decants).....	40
4.11	Q11 On occasions Homefinder Somerset Landlords may need to award Gold Band to applicants who have been left in a property but have no legal right to remain there: to what extent do you agree they should be placed into Gold Band to help them move? (See Section 6.11.12the policy on Tenancy Succession).....	41
4.12	Q12 Applicants who live in a property with shared facilities will be placed into Silver Band and not Bronze Band. (See Section 6.11.15 of the policy on Lodgers/Shared Facilities)	41
4.13	Q13 Applicants who need to move to the Homefinder area to be nearer their place of work will be awarded Silver Band. (See Section 6.11.19 of the policy on Work/Support).....	42
4.14	Q14 We intend to remove the priority given to households with children under 10, with no access to an enclosed garden as a consideration for any housing (so they do not have the same	

priority as applicants who are homeless) (See Sections 6.11.22 & 6.11.17 of the policy - Other Homeless & Gardens).	43
4.15 Q15 Single people or couples living in a self-contained bedsit or studio flat will be awarded Bronze band and assessed as adequately housed. (See Sections 6.11.23 of the policy - Adequately Housed).....	43
4.16 Q16 The way that we will assess bedroom need has changed slightly etc.	44
4.17 Q17 Due to the shortage of Social Housing in the area, applicants with children who do not live with them permanently will not be entitled to an additional bedroom (See Section 13.2 of the policy Size of Property)	44
4.18 Q18 On occasions Homefinder Somerset Landlords may restrict the size of property that households can apply for or allow applicants to under-occupy in order to help create local balanced communities. (See Section 13.1 of the policy Size of Property).....	45
4.19 Q19 To what extent do you agree/disagree with the following statements regarding the size of property applicants can apply for:.....	46
4.20 Q20 Do you agree that Landlords should be able to label properties in rural areas for priority to households who have a local connection to that parish? (See Section 22.5 of the policy Local Connection).....	47
4.21 Q21 The wording for the supported accommodation criteria has changed to enable Landlords to allocate supported housing to applicants who may not have support needs (See Section 22.3 of the policy on Supported Accommodation).....	47
4.22 Q22 A definition of local connection has been added to the policy for clarification - this is set out below:	48
4.23 Q23 We are looking at ways in which we can enable the allocation of properties in very rural areas to applicants with a local connection to that area - please give us your views on the following statements:	49
4.24 Q24 Sensitive letting criteria has been added to the Policy to enable Landlords to allocate individual properties. (See Section 22.7 of the policy Sensitive Letting).....	50
4.25 Q25 Where adverts contain more than one preference and no applicants meet the primary preference criteria, the shortlist will be reordered in accordance with remaining preferences applied to that advert (See Section 24.1 of the policy - Selection Procedure).....	50
4.26 Q26 Applicants fleeing harassment will be monitored to identify patterns of bidding. If the applicant bids for a property in the same area they are fleeing harassment from the landlord may not offer the property. (See Section 24.5 of the policy - Selection Procedure)	51
4.27 Q27 Homeless cases awarded Gold Band who do not bid for suitable properties within 8 – 16 weeks may have automatic bids placed on their behalf by the relevant Local Authority. (See Section 26.6 Refusals)	51

4.29 Q29 The term ‘bidding’ has been used throughout the Policy, website and associated publications as the method for applicants to ‘express an interest’ in a property. Do you feel this terminology should change to ‘express an interest’?.....	52
4.30 Q30 Are you satisfied that the Homefinder Somerset scheme is fair and equitable in meeting the needs of the full range of actual and potential tenants; including those with support needs and those who do not have English as their first language?.....	53

4.32 Q32 Are you satisfied that the Change of Circumstances form will be available for applicants to complete on-line as well as in paper version? 54

1.0 Introduction

- 1.1 The Homefinder Somerset partnership have undertaken a review of the common allocation policy. This review suggested a number of changes to the common allocations policy. A public consultation exercise has taken place with both applicants and also with other stakeholders being asked a series of 33 or 34 questions on the proposed changes. This report sets out the results of the consultation exercise from both applicants and stakeholder perspective.
- 1.2 This report sets out the results of the consultation exercise from both applicants and stakeholder perspective.

2.0 Summary of Responses

- 2.1 The Homefinder Somerset Review Group agreed to sample 10% of active applicants for the consultation. With those that didn't have email addresses being written to. A total of 2169 applicants were contacted for the consultation (1093 were written to across all 5 local authority partners, and 1076 applicants were emailed).
- 2.2 All the housing providers within the Homefinder Somerset partnership were emailed requesting their feedback. In addition all other stakeholders that had an email contact address were emailed asking them to complete the questionnaire.
- 2.3 The consultation period ran from the 17th October to the 9th December 2010. There were 293 responses to the applicants survey and 74 responses to the stakeholder survey. However of the 293 applicants responses (13.5% response rate), 28 were from staff who had completed the applicant questionnaire rather than the stakeholder questionnaire.
- 2.4 A summary of the applicant responses is as follows:
- Of those responding 37.5% were tenants, 44% were applicants and 18.5% listed as other. Of those in the other category the vast majority were Local authority staff, with the next largest group being private tenants.
 - Applicants were in agreement (or had no view) on all of the proposed changes.
 - Those questions where 15% or more of applicants disagreed or strongly disagreed with the proposal were as follows:
 - Q3 – Financial assessment of applications
 - Q4 – Applicant accepting a property that doesn't meet their housing needs
 - Q11 – gold band award for applicants with no legal rights to succession
 - Q13 – Applicants being awarded gold band to move nearer their place of work.
 - Q14 – Removal of silver band for no garden when in first floor and children under 10 (or above) flat
 - Q17 – Removal of additional bedroom for staying access for single people
 - Q18 – Landlords restricting size of property applicant can bid for or allowing under occupying
 - Q19 – Under occupation of properties when bidding
 - Q20 – Labelling of properties for local connection
 - Q21 – Allowing supported accommodation to be let to those without support needs
 - Q23 – Not addressing the rural properties issue

- Q29 – Satisfaction that Homefinder Somerset scheme is fair and equitable

In all of the questions above the number of applicants that strongly agreed/agreed or had no view was greater than those that disagreed/strongly disagreed.

2.5 Summary of stakeholder responses is set out below:

- 53% of those responding to the stakeholder survey were landlords. The remainder were staff or members within the local authority partners, other smaller stakeholders, tenant panels and housing forum respondents and parish councils.
- The majority of those responding to the survey worked in general needs and lettings areas (19.4% and 16.7% respectively) with 23.6% working on the front line.
- 10 elected members responded with 3 parish councillors also responding to the survey.
- Those questions where 15% or more of stakeholders disagreed or strongly disagreed with the proposal were as follows:
 - Q11 – gold band award for applicants with no legal rights to succession
 - Q12 – Applicants that live in property with shared facilities in silver band
 - Q13 – Applicants awarded gold band to move nearer place of work.
 - Q14 - Removal of silver band for no garden when in first floor and children under 10 (or above) flat (this was the biggest area of disagreement with 25.4% of those responding disagreeing or strongly disagreeing (61% strongly agree/agree)
 - Q17 - Removal of additional bedroom for staying access for single people
 - Q18 - Landlords restricting size of property applicant can bid for or allowing under occupying
 - Q21 – Allowing supported accommodation to be let to those without support needs
 - Q23 – Not addressing the rural properties issue
 - Q29 – Satisfaction that Homefinder Somerset scheme is fair and equitable
- Notwithstanding the above – stakeholders were in agreement with all of our proposed changes (looking at the percentage of those that agreed or strongly agreed).

2.6 The overall results of the survey indicate both applicant and stakeholder agreement with the proposed changes. However the Review group may wish to discuss in further detail the comments provided and those questions where 15% or more of those responding were in disagreement with the change (albeit that the majority were in agreement).

Update

2.7 The Review Group discussed this report and the comments that applicants had made, at their meeting on the 14th December 2010. Their comments against the questions highlighted at 2.4 and 2.5 above are included within this updated report for completeness.

3.0 Detailed Applicant Feedback

3.1 For clarity the detailed feedback is set out against each question on the applicant survey below.

3.2 Q1 – Which Local Authority Area do you currently live in?

3.3 Q2 – Please indicate whether you are a Tenant, Applicant or Other?

The following graph shows the split of those responding 'other' (the graph shows numbers not percentages). In total 56 respondents stated other and just under half of those were staff from local authorities and housing providers.

3.4 Q3 - Should housing register staff be assessing a household's finances to identify whether they have sufficient income or savings to be able to afford alternative housing? (See Section 6.2 – 6.10 of the revised policy – Applicants Financial Resources)

Update

The Review group discussed this question at their meeting on the 14th December 2010 and agreed that the financial assessment of applications should go ahead based on the responses received.

3.5 Q4 - If an applicant bids and accepts a property knowing that it does not meet their housing needs, and subsequently reappplies for housing then they will be placed into a lower band, unless there is a change in circumstance. (See Section 6.11-Banding Criteria)

Update

The Review group discussed this question at their meeting on the 14th December 2010 and agreed that this change should go ahead based on the responses received.

3.6 Q5 - To what extent do you agree/disagree with the proposed changes to the Gold Band assessment criteria set out below. The 4 criteria are each analysed separately.

3.7 Q6 - Assessing the level of medical considerations is proposed to change. Gold Band criteria will change from Life Threatening to Serious medical conditions and the Silver Band criteria will be reduced from Significant to Moderate medical conditions. (See Section 14 – 14.5 Medical Assessments & Appendix 2 of the policy)

3.8 Q7 - In order to reduce youth homelessness we are looking to introduce a tenant accreditation scheme across Somerset. This scheme will provide young people with the necessary life skills to sustain new tenancies. Some properties may be advertised with preference given to those applicants that have completed the accreditation course. Do you agree with this proposal?

3.9 Q8 - Care Leavers who are ready to live independently will be awarded Gold Band, in order to enable them to find suitable accommodation (See Section 6.11.8 of the policy Care Leavers)

3.10 Q9 - Households who match 4 or more Silver Band 'housing needs' will be awarded Gold Band status for cumulative need. (See Section 6.11.10 of the policy Cumulative Need)

3.11 Q10 - Tenants of Homefinder Somerset Partners, who live in Somerset and are required to relocate due to major rebuilding or renovation works, will be placed into Gold Band under Decants. (See Section 6.11.11 of the policy on Decants)

3.12 Q11 - On occasions Homefinder Somerset Landlords may need to award Gold Band to applicants who have been left in a property but have no legal right to remain there: to what extent do you agree they should be placed into Gold Band to help them move? (See Section 6.11.12the policy on Tenancy Succession)

Update

The Review group discussed this question at their meeting on the 14th December 2010 and agreed that this change should go ahead based on the responses received. This was a positive change for applicants and would help landlords to make best use of the properties available should these circumstances arise.

3.13 Q12 - Applicants who live in a property with shared facilities will be placed into Silver Band and not Bronze Band. (See Section 6.11.15 of the policy on Lodgers/Shared Facilities)

3.14 Q13 - Applicants who need to move to the Homefinder area to be nearer their place of work will be awarded Silver Band. (See Section 6.11.19 of the policy on Work/Support)

Update

The Review group discussed this question at their meeting on the 14th December 2010 and agreed that this change should go ahead based on the responses received. This was a positive change for applicants and would further improve mobility for employment in the social housing sector.

3.15 Q14 - We intend to remove the priority given to households with children under 10, with no access to an enclosed garden as a consideration for any housing (so they do not have the same priority as applicants who are homeless) (See Sections 6.11.22 & 6.11.17 of the policy - Other Homeless & Gardens).

Update

The Review group discussed this question at their meeting on the 14th December 2010 and agreed that this change should go ahead based on the responses received.

There was a wide ranging discussion on this change with one of the landlord partners raising particular concerns. However the group felt that, given the very limited supply of social housing that was available, that this change was necessary. The group felt that the policy and system were flexible enough to respond to the needs of emerging households and labelling could be used to help families in flats to obtain housing with access to an enclosed garden.

3.16 Q15 - Single people or couples living in a self-contained bedsit or studio flat will be awarded Bronze band and assessed as adequately housed. (See Sections 6.11.23 of the policy - Adequately Housed)

3.17 Q16 - The way that we will assess bedroom need has changed slightly - the following general rules will apply: Household members living together as a couple will be assessed as requiring 1 bedroom unless there are exceptional circumstances. Additional adults (defined as being 16 years of age or older) living permanently in a household will require an extra bedroom but may share if of the same gender. A maximum of two people can share a bedroom. Children who are over 7 and of different genders will require their own room. As a general point an applicants minimum bedroom requirement will be based on household members that are over 7 years old and under 16 years of age that are of the same sex sharing a bedroom, with household members over 7 years old and under 16 years of age of different sexes requiring their own rooms. The maximum entitlement will be based on all household members over 7 years of age requiring their own room. When letting houses, priority will normally be given to households with children under 16. The overall assessment will now be based on the minimum bedroom requirement for the household (See Section 13.1 (a) Bedroom Matrix)

3.18 Q17 - Due to the shortage of Social Housing in the area, applicants with children who do not live with them permanently will not be entitled to an additional bedroom (See Section 13.2 of the policy Size of Property)

Update

The Review group discussed this question at their meeting on the 14th December 2010 and agreed that this change should go ahead based on the responses received.

There was discussion around the impact of this change on single applicants with access arrangements to children, but again it was felt that the change was necessary

given the limited supply of social housing. The changes proposed to Housing Benefit rules will make funding additional bedrooms harder for applicants in future. As such this change was in line with the restrictions that will be placed on HB payments.

3.19 Q18 - On occasions Homefinder Somerset Landlords may restrict the size of property that households can apply for or allow applicants to under-occupy in order to help create local balanced communities. (See Section 13.1 of the policy Size of Property)

Update

The Review group discussed this question at their meeting on the 14th December 2010 and agreed that this change should go ahead based on the responses received.

3.20 Q19 – To what extent do you agree/disagree with the following statements regarding the size of property applicants can apply for:

Update

The Review group discussed this question at their meeting on the 14th December 2010 and agreed that this change should go ahead based on the responses received.

The group felt that these changes would be needed even more in the future with the proposed changes to HB coming into effect.

- 3.21 Q20 - Do you agree that Landlords should be able to label properties in rural areas for priority to households who have a local connection to that parish? (See Section 22.5 of the policy Local Connection)

Update

The Review group discussed this question at their meeting on the 14th December 2010 and agreed that this change should go ahead based on the responses received.

- 3.22 Q21 - The wording for the supported accommodation criteria has changed to enable Landlords to allocate supported housing to applicants who may not have support needs (See Section 22.3 of the policy on Supported Accommodation)

Update

The Review group discussed this question at their meeting on the 14th December 2010 and agreed that this change should go ahead based on the responses received.

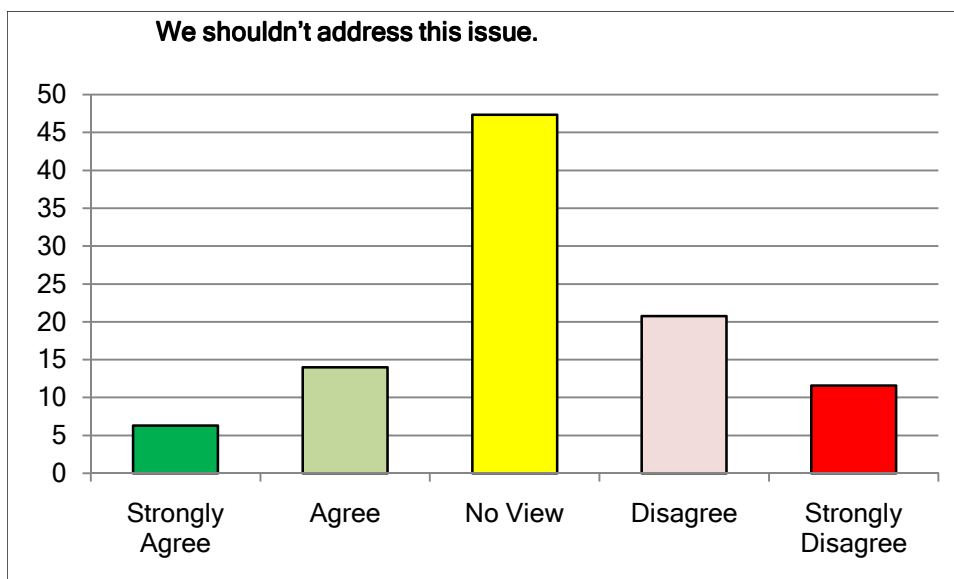

The group felt that this change may not have been understood by applicants and that the letting of supported accommodation to those without support needs is being driven by a lack of funding for support.

- 3.23 Q22 - A definition of local connection has been added to the policy for clarification - this is set out below: Although the banding system reflects housing need and subsequently the priority of each application, there may be occasions when it may be appropriate to protect housing for local people. Local connection is defined where an applicant has: Normally be resident in Homefinder Somerset. Local Government Association guidelines define this as having resided in the relevant area for six of the last twelve months, or three out of the last five years, where residence has been out of choice. In line with the Housing and Regeneration Act (2008) service personnel who have been based and living in Somerset will be considered to have a local connection with Somerset. Work in Homefinder Somerset. The Local Government Association guidelines define this as employment other than of a casual nature. For the purposes of this policy this will be defined as having had permanent work with a minimum of a 16 hour contract per week for the previous 6 months, and without a break in the period of employment for more than three months. Residency in a property where treatment or rehabilitation of any kind whilst working will not count towards establishing a local connection. Where an applicant needs to move to take up an offer of permanent employment (over 16 hours and evidence will be required) within Homefinder Somerset and commuting to their new place of work from their existing home would be unreasonable. Have family connections in Homefinder Somerset. The Local Government Association guideline define this as immediate family members (parents, siblings and non-dependent children) who have themselves lived in the area for five years and with whom there has been frequent contact, commitment or dependency. Demonstrate a need to move to Homefinder Somerset to give or receive medical or other support. Please tell us whether you agree with this definition

3.24 Q23 - We are looking at ways in which we can enable the allocation of properties in very rural areas to applicants with a local connection to that area - please give us your views on the following statements

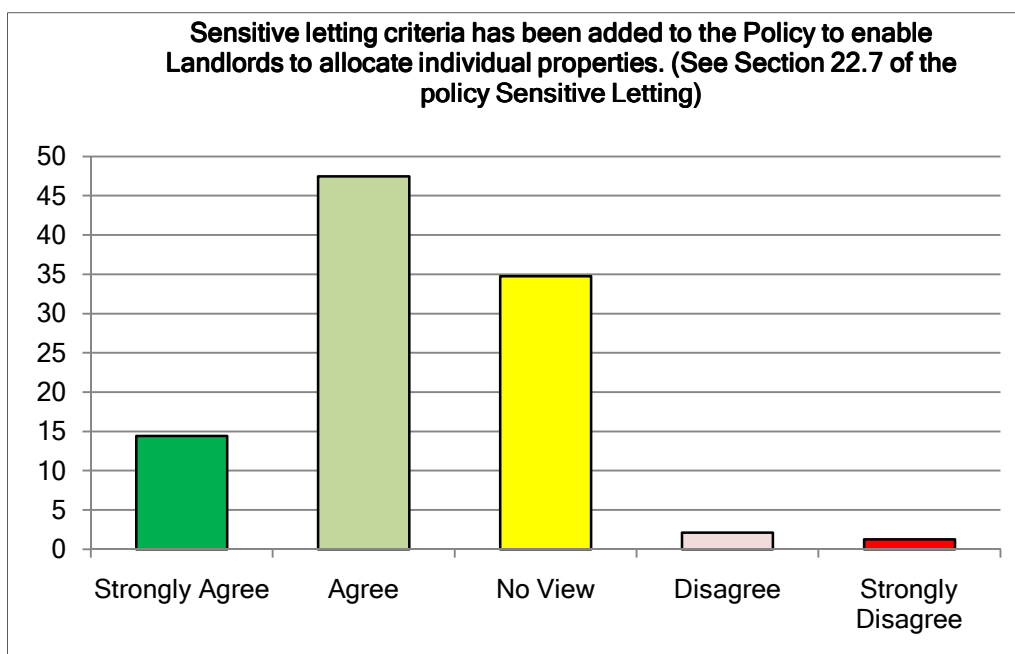

Update

The Review group discussed this question at their meeting on the 14th December 2010 and agreed that this change should go ahead based on the responses received.

- 3.25 Q24- Sensitive letting criteria has been added to the Policy to enable Landlords to allocate individual properties. (See Section 22.7 of the policy Sensitive Letting)

3.26 Q25 - Applicants fleeing harassment will be monitored to identify patterns of bidding. If the applicant bids for a property in the same area they are fleeing harassment from the landlord may not offer the property. (See Section 24.5 of the policy - Selection Procedure)

3.27 Q26 - Homeless cases awarded Gold Band who do not bid for suitable properties within 8 – 16 weeks may have automatic bids placed on their behalf by the relevant Local Authority. (See Section 26.6 Refusals)

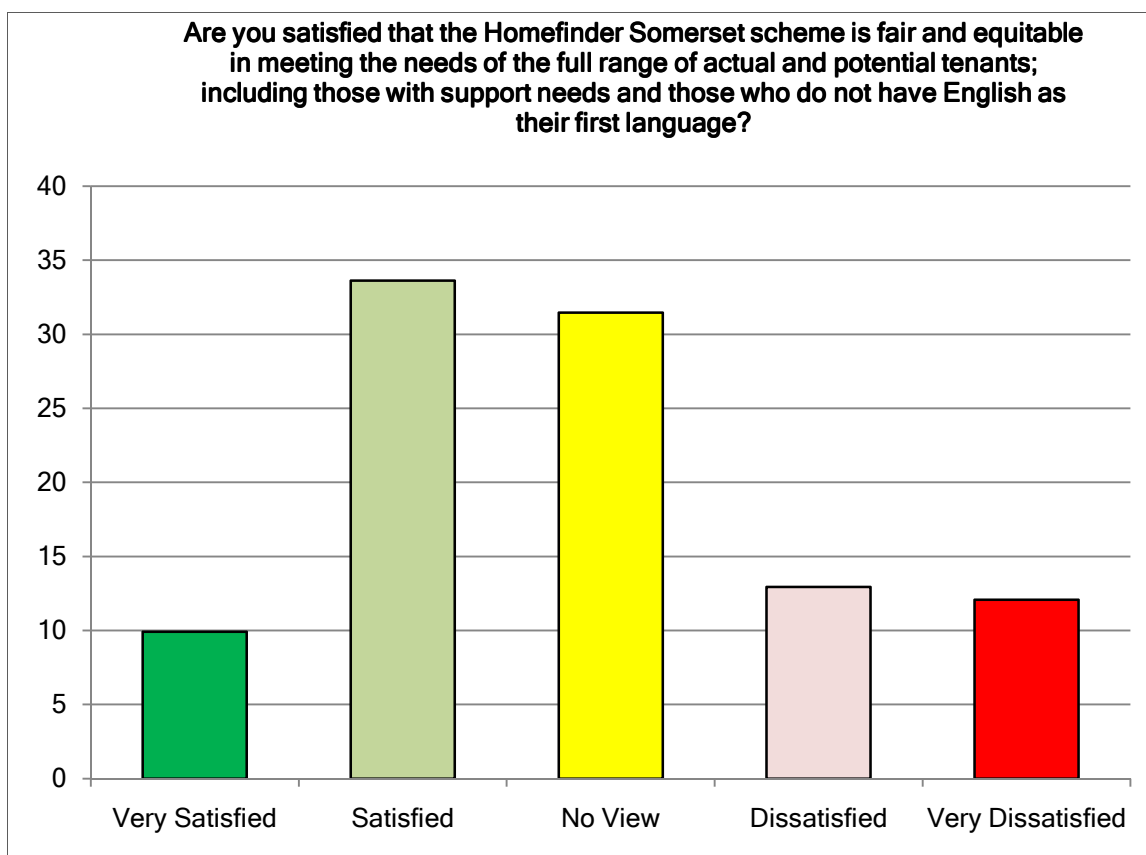

3.28 Q27 - To reduce the number of applicants refusing offers, applicants who refuse 3 formal suitable offers may be placed into Bronze Band for 3 months, excluding accepted homeless cases. (See Section 26.7 of the policy Refusals)

3.29 Q28 - The term 'bidding' has been used throughout the Policy, website and associated publications as the method for applicants to 'express an interest' in a property.

3.30 Q29 - Are you satisfied that the Homefinder Somerset scheme is fair and equitable in meeting the needs of the full range of actual and potential tenants; including those with support needs and those who do not have English as their first language?

Update

The Review group discussed this question at their meeting on the 14th December 2010 and agreed that this change should go ahead based on the responses received.

In addition the comments received from applicants would be taken into account by the Equality and Diversity working group of the Homefinder Somerset Monitoring Board and fed into the new Equalities Impact Assessment for the revised draft policy.

3.31 Q30 – If you are a vulnerable applicant do you require help with the following:

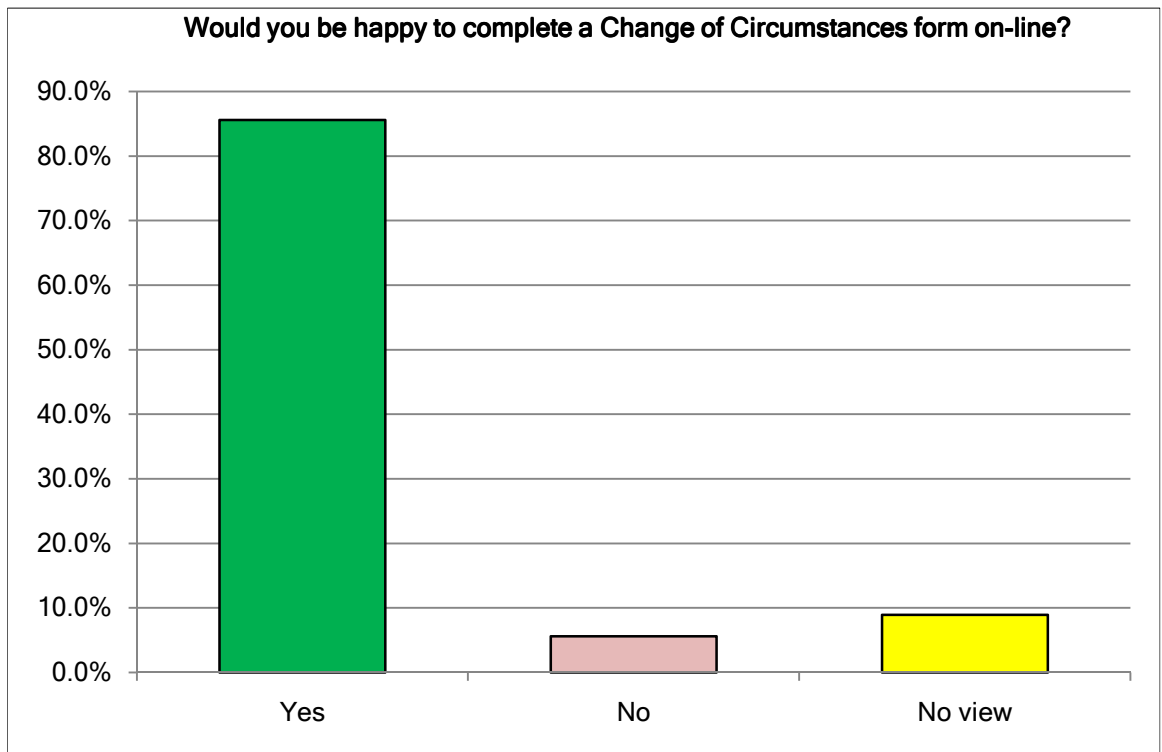

Q31 – If you answered yes above – who do wish to receive help from?

3.32 Q32 We are re-designing the Homefinder Somerset Housing Register application form so that it is simpler, shorter and easier to understand. Do you agree that these changes will make applying to the register easier?

3.33 Would you be happy to complete a Change of Circumstances form on-line?

4.0 Detailed Stakeholder Consultation Responses

Those that stated 'other' as their organisation type were as follows:

Also Wyvern Rural HA (now Hastoe Wyvern HA)
Leaving Care Team Children's Social Care
Crowcombe
Taunton Women's Aid
Knightstone Housing Association
West Somerset Housing forum
Mendip YMCA
Magna West Somerset Tenants' Panel
Parish Council

4.2 Q2 – Which area do you work in?

Those that stated 'other' listed their role as follows:

Leaving Care.
Retirement Housing
Housing register team
West somerset housing forum
Supported Housing and Homeless Services including Mediation, Emergency Accommodation, Resettlement Support

4.3 Q3 – Should housing register staff be assessing a household’s finances to identify whether they have sufficient income or savings to be able to afford alternative housing? (See Section 6.2 – 6.10 of the revised policy – Applicants Financial Resources)

4.4 Q4 - If an applicant bids and accepts a property knowing that it does not meet their housing needs, and subsequently reappplies for housing then they will be placed into a lower band, unless there is a change in circumstance. (See Section 6.11-Banding Criteria)

4.5 Q5 To what extent do you agree/disagree with the proposed changes to the Gold Band assessment criteria set out below.

4.6 Q6 Assessing the level of medical considerations is proposed to change. Gold Band criteria will change from Life Threatening to Serious medical conditions and the Silver Band criteria will be reduced from Significant to Moderate medical conditions. (See Section 14 – 14.5 Medical Assessments & Appendix 2 of the policy)

4.7 Q7 In order to reduce youth homelessness we are looking to introduce a tenant accreditation scheme across Somerset. This scheme will provide young people with the necessary life skills to sustain new tenancies. Some properties may be advertised with preference given to those applicants that have completed the accreditation course. Do you agree with this proposal?

4.8 Q8 Care Leavers who are ready to live independently will be awarded Gold Band, in order to enable them to find suitable accommodation (See Section 6.11.8 of the policy Care Leavers)

4.9 Q9 Households who match 4 or more Silver Band 'housing needs' will be awarded Gold Band status for cumulative need. (See Section 6.11.10 of the policy Cumulative Need)

4.10 Q10 Tenants of Homefinder Somerset Partners, who live in Somerset and are required to relocate due to major rebuilding or renovation works, will be placed into Gold Band under Decants. (See Section 6.11.11 of the policy on Decants)

4.11 Q11 On occasions Homefinder Somerset Landlords may need to award Gold Band to applicants who have been left in a property but have no legal right to remain there: to what extent do you agree they should be placed into Gold Band to help them move? (See Section 6.11.12 the policy on Tenancy Succession)

Update

The Review group discussed this question at their meeting on the 14th December 2010 and agreed that this change should go ahead based on the responses received.

4.12 Q12 Applicants who live in a property with shared facilities will be placed into Silver Band and not Bronze Band. (See Section 6.11.15 of the policy on Lodgers/Shared Facilities)

Update

The Review group discussed this question at their meeting on the 14th December 2010 and agreed that this change should go ahead based on the responses received.

4.13 Q13 Applicants who need to move to the Homefinder area to be nearer their place of work will be awarded Silver Band. (See Section 6.11.19 of the policy on Work/Support)

Update

The Review group discussed this question at their meeting on the 14th December 2010 and agreed that this change should go ahead based on the responses received.

4.14 Q14 We intend to remove the priority given to households with children under 10, with no access to an enclosed garden as a consideration for any housing (so they do not have the same priority as applicants who are homeless) (See Sections 6.11.22 & 6.11.17 of the policy - Other Homeless & Gardens).

Update

The Review group discussed this question at their meeting on the 14th December 2010 and agreed that this change should go ahead based on the responses received.

4.15 Q15 Single people or couples living in a self-contained bedsit or studio flat will be awarded Bronze band and assessed as adequately housed. (See Sections 6.11.23 of the policy - Adequately Housed)

4.16 Q16 The way that we will assess bedroom need has changed slightly etc.

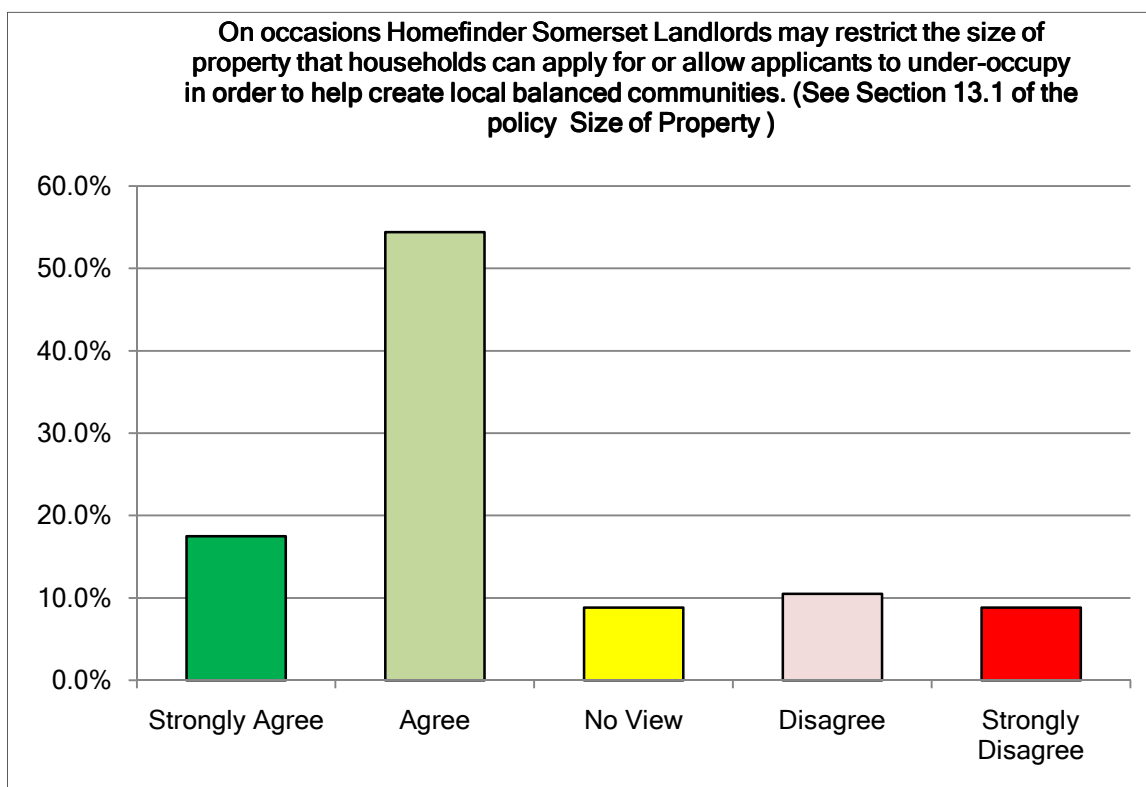

4.17 Q17 Due to the shortage of Social Housing in the area, applicants with children who do not live with them permanently will not be entitled to an additional bedroom (See Section 13.2 of the policy Size of Property)

Update

The Review group discussed this question at their meeting on the 14th December 2010 and agreed that this change should go ahead based on the responses received.

4.18 Q18 On occasions Homefinder Somerset Landlords may restrict the size of property that households can apply for or allow applicants to under-occupy in order to help create local balanced communities. (See Section 13.1 of the policy Size of Property)

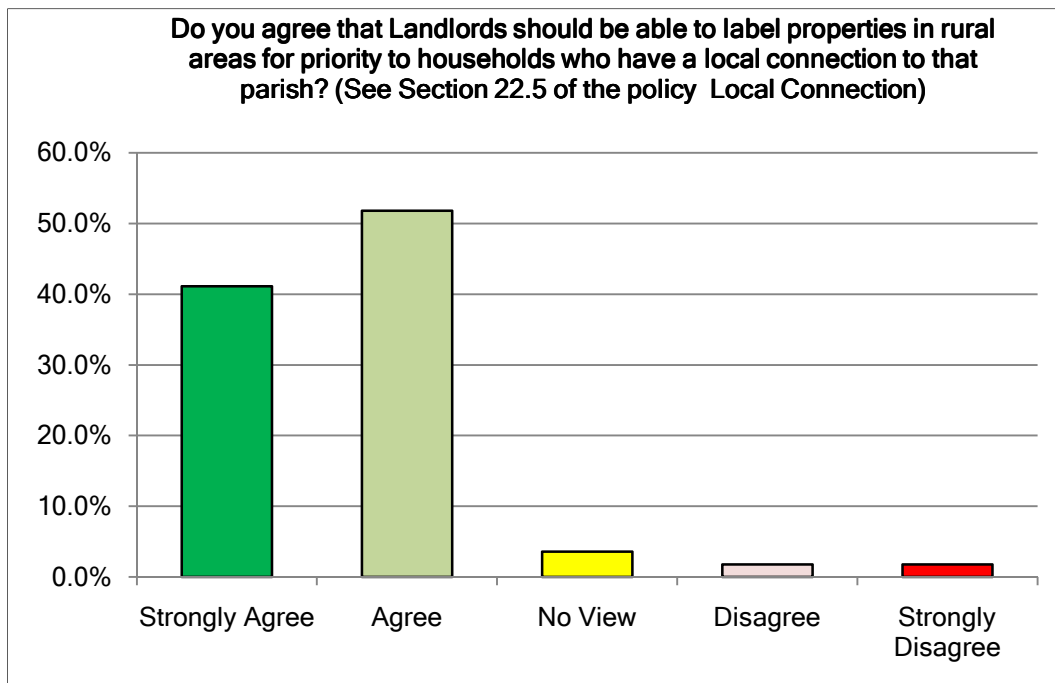

Update

The Review group discussed this question at their meeting on the 14th December 2010 and agreed that this change should go ahead based on the responses received.

4.19 Q19 To what extent do you agree/disagree with the following statements regarding the size of property applicants can apply for:

4.20 Q20 Do you agree that Landlords should be able to label properties in rural areas for priority to households who have a local connection to that parish? (See Section 22.5 of the policy Local Connection)

4.21 Q21 The wording for the supported accommodation criteria has changed to enable Landlords to allocate supported housing to applicants who may not have support needs (See Section 22.3 of the policy on Supported Accommodation)

Update

The Review group discussed this question at their meeting on the 14th December 2010 and agreed that this change should go ahead based on the responses received.

4.22 Q22 A definition of local connection has been added to the policy for clarification - this is set out below:

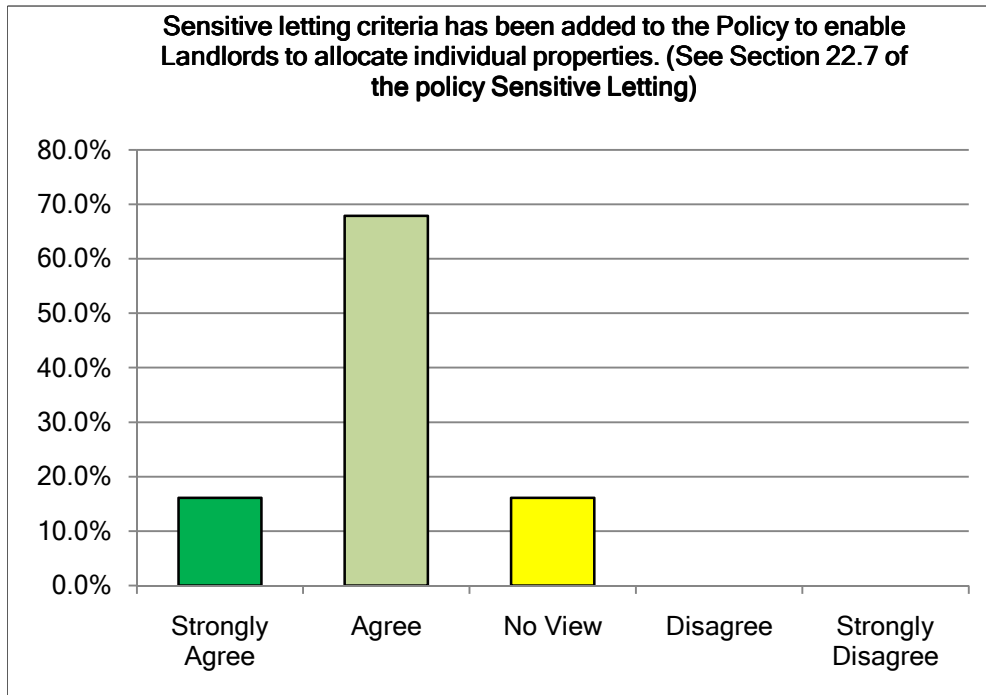

4.23 Q23 We are looking at ways in which we can enable the allocation of properties in very rural areas to applicants with a local connection to that area - please give us your views on the following statements:

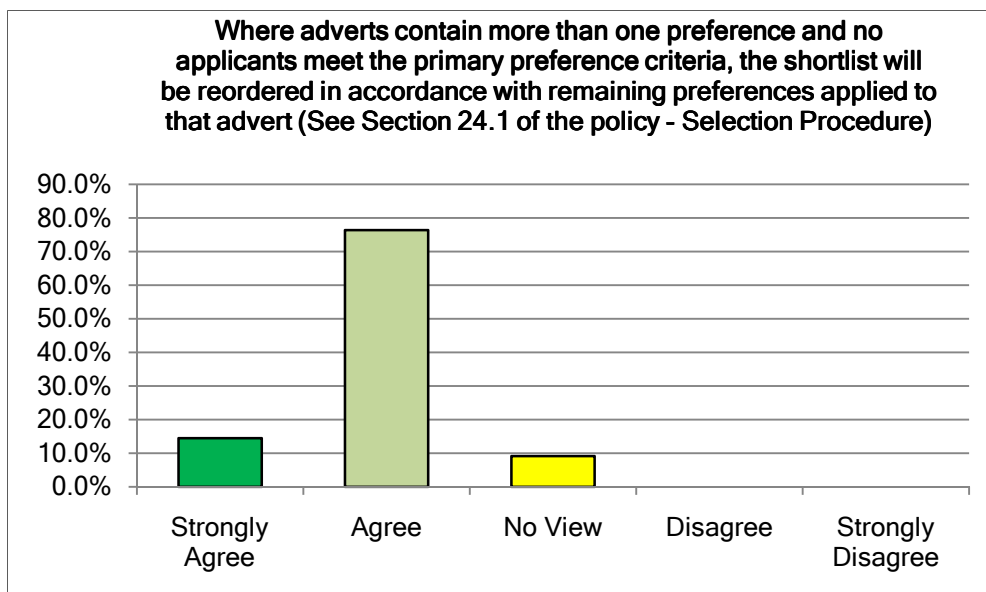

Update

The Review group discussed this question at their meeting on the 14th December 2010 and agreed that this change should go ahead based on the responses received.

4.24 Q24 Sensitive letting criteria has been added to the Policy to enable Landlords to allocate individual properties. (See Section 22.7 of the policy Sensitive Letting)

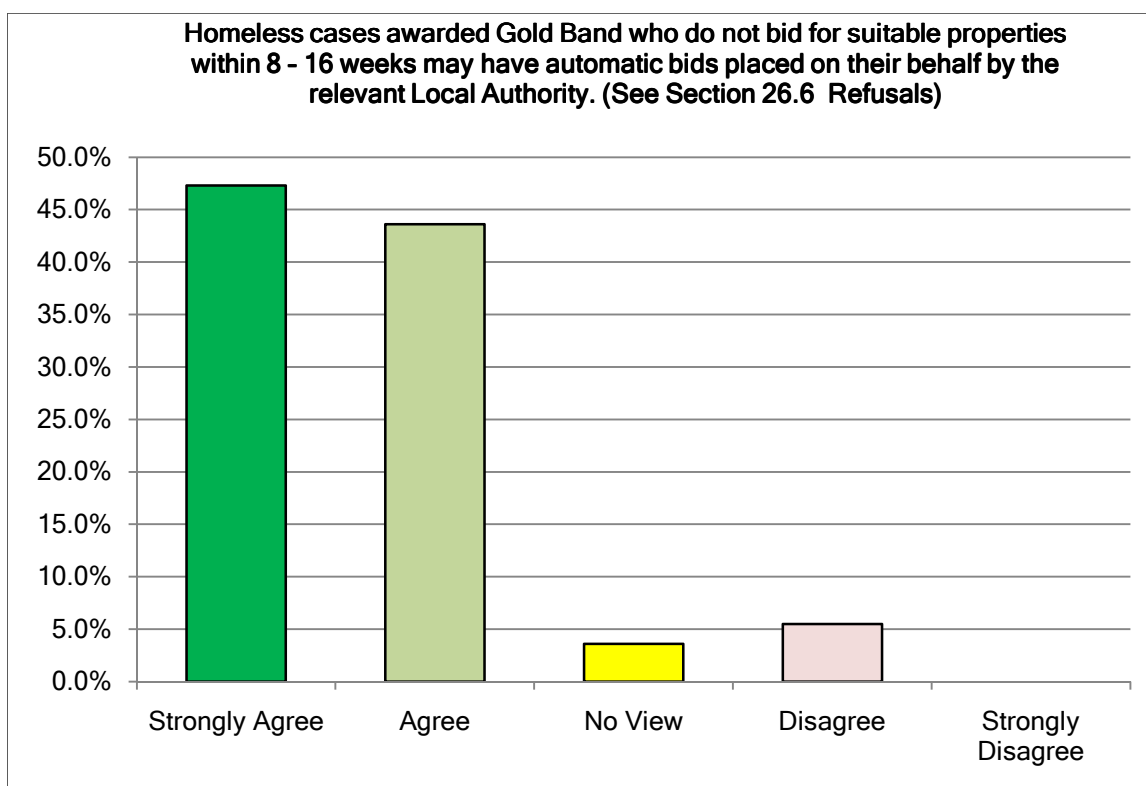

4.25 Q25 Where adverts contain more than one preference and no applicants meet the primary preference criteria, the shortlist will be reordered in accordance with remaining preferences applied to that advert (See Section 24.1 of the policy - Selection Procedure)

4.26 Q26 Applicants fleeing harassment will be monitored to identify patterns of bidding. If the applicant bids for a property in the same area they are fleeing harassment from the landlord may not offer the property. (See Section 24.5 of the policy - Selection Procedure)

4.27 Q27 Homeless cases awarded Gold Band who do not bid for suitable properties within 8 – 16 weeks may have automatic bids placed on their behalf by the relevant Local Authority. (See Section 26.6 Refusals)

4.28 Q28 To reduce the number of applicants refusing offers, applicants who refuse 3 formal suitable offers may be placed into Bronze Band for 3 months, excluding accepted homeless cases. (See Section 26.7 of the policy Refusals)

4.29 Q29 The term 'bidding' has been used throughout the Policy, website and associated publications as the method for applicants to 'express an interest' in a property. Do you feel this terminology should change to 'express an interest'?

Update

The Review group discussed this question at their meeting on the 14th December 2010 and agreed that this change should go ahead based on the responses received.

4.30 Q30 Are you satisfied that the Homefinder Somerset scheme is fair and equitable in meeting the needs of the full range of actual and potential tenants; including those with support needs and those who do not have English as their first language?

4.31 Q31 We are re-designing the Homefinder Somerset Housing Register application form so that it is simpler, shorter and easier to understand. Do you agree that these changes will make applying to the register easier?

4.32 Q32 Are you satisfied that the Change of Circumstances form will be available for applicants to complete on-line as well as in paper version?

Homefinder Somerset - Common Lettings & Assessment Policy

1. Introduction

- 1.1. This document describes the Homefinder Somerset Choice Based Lettings Scheme (CBL) run by the five Somerset district councils in partnership with the majority of housing associations operating within Somerset.
- 1.2. The Government's policy objective is for choice based lettings schemes to develop on a sub- regional and/or regional basis. The Secretary of State believes that such schemes involving a partnership of housing authorities and registered providers of social housing working together with private landlords wherever possible is the best way to achieve the greatest choice and flexibility meeting applicant's needs.

The scheme's key objectives are:

- To deliver a customer-led choice based lettings system.
- To widen the choice of housing outside traditional local authority boundaries.
- To ensure the scheme is open, fair and accountable to applicants and staff.
- To increase understanding and satisfaction in the lettings system.
- To give new tenants a feeling of ownership of their property.
- To help create 'sustainable' communities.
- To make more efficient use of the available housing stock.
- To help tackle low demand.
- To reduce 'void' turnaround times.
- To reduce the number of refusals on 'hard to let' properties.
- To create a single point of access to all social housing in the County.
- To bring together a larger pool of available housing, giving applicants more choice and helping to ease localised problems of high demand.
- To enable greater regional mobility.
- To meet the legal requirements for the allocation of social housing as set out in the Housing Act (1996) as amended by the Homelessness Act (2002).

2. The Scheme in Brief

- 2.1. All applicants for social housing across Somerset will complete the same application form and will be assessed against the same clear set of criteria laid out in the 'Banding' structure (see section 6). Depending on their circumstances, applicants will be placed into one of four Bands, Gold, Silver, and Bronze or in a very small number of cases an Emergency Priority Band.
- 2.2. Once the application has been registered, applicants will be advised of their banding, application date, the size of property they are eligible for, together with a personal reference number which will enable them to express an interest for social housing vacancies being advertised across the whole of Somerset. Affordable housing including shared ownership and accredited private sector vacancies may also be advertised using this same process.

- 2.3. Expressions of interest for properties can be made, by using an automated phone line, the Homefinder Somerset website (via the Internet), or in person by visiting an office of one of the partner landlords. Applicants will be able to monitor the success of their expressions of interest and their history of expressions of interest via the website.
- 2.4. Once the deadline has passed for expressions of interest to be made, the successful applicant will usually be the person in the highest band with the earliest application date. An offer will then be made subject to the potential landlord confirming the details on the original application form and the current circumstances of the applicant. Incorrect information may result in the offer being withdrawn and the band being re-assessed.
- 2.5. Applicants for sheltered or supported housing will also have an assessment of their support needs. Applicants with identified support needs that express an interest for sheltered or supported housing vacancies will have priority over other applicants within the same band irrespective of whether those with no identified support needs have an earlier application date.
- 2.6. The banding and application date of the successful applicant, together with the total number of expressions of interest made for each property will be published. This enables applicants to develop realistic expectations regarding their chances of success and likely waiting period.

3. Application Procedure - Who Can Apply?

- 3.1. The Homefinder Somerset Register is open to almost any one. It may include existing tenants looking to transfer to another property, homeless families looking for a permanent home and other applicants who either rent in the private sector, own or are buying a property or lodging with family and friends. Married couples and civil partners will receive equal treatment under the policy.
- 3.2. An applicant may include anyone that may reasonably be expected to live with them as part of their application.
- 3.3. Where more than one eligible applicant wishes to have a shared application they will be known as joint applicants.
- 3.4. To apply for a property, applicants must be registered on the Homefinder Somerset Register.
- 3.5. Application packs are available from the offices of all the partners within the scheme and include details of how the scheme works and how to find and express an interest for a home.

3.6. Who Cannot Participate?

3.6.1. The Homefinder Somerset Register is open to all applicants except the following:

3.6.2. Persons from abroad who fail the 'habitual residence' test, UNLESS they have refugee status, exceptional leave to remain or indefinite leave to remain. Habitual Residency provides details about an applicant's right to stay in the UK and any eligibility for public housing.

3.6.3. There are certain regulations laid out by statute that govern the allocation of properties to persons from abroad and these should be referred to when assessing applications.

3.6.4. Persons under 16 years of age. It should be noted that a tenancy will not usually be given to applicants under the age of 18 years without a 'guarantor' (e.g. Social Services, parent, guardian, litigation friend). Partner organisations may have different policies in dealing with persons under the age of 18. For more details please contact the individual landlord.

3.7. What Other Factors Are Taken Into Account?

3.7.1. An application can be affected where there is evidence that an applicant has broken their existing or previous tenancy conditions (including rent arrears and anti-social behaviour) for which there are statutory grounds for possession, or who have committed acts of physical violence against staff or other residents. Grounds will not be used as a 'blanket ban' against all such people, but will be considered alongside each applicant's relative housing need. See Selection Procedure 24.3.

3.7.2. Where possible, such grounds will be identified at the initial application stage of the Homefinder Somerset process and the applicant will be informed in writing that any expression of interest for a property may be unsuccessful. All partners of Homefinder Somerset will also be notified of this decision. Applicants will be informed, on request, of decisions about the facts of the case that may affect whether to allocate housing.

3.7.3. Any applicant has the right for a review of the following decisions:

- a) That they are ineligible.
- b) That all priority will be suspended because of unacceptable behaviour.
- c) About the facts of their case: e.g. banding or eligibility for a property.

A Senior Housing Officer who has not been involved in the original decision will carry out such reviews.

4. Protocol for Housing Dangerous Offenders and Potentially Dangerous Offenders

- 4.1. All five District Councils within the scheme have entered into an agreement to use the Somerset Multi-Agency Protocol in dealing with dangerous offenders in order to exchange information on any applicant who has been convicted of a serious offence. Any applicant who confirms on their application form, or who is suspected, or accused, of being a dangerous offender, will be subjected to the provisions set out in the information exchange protocol.
- 4.2. There is not a blanket ban preventing dangerous offenders from being included on the housing register. However, before any known offender is offered housing, full consultation will be undertaken with the relevant support agencies to assess the risks involved. Some dangerous offenders will be given a high priority so that the relevant agencies can continue to monitor them. The Somerset Multi-Agency Protocol is only for specific offender group and only covers referrals from the Public Protection Team and Avon and Somerset Constabulary and does not guarantee the provision of a tenancy.
- 4.3. Re-housing of dangerous offenders will be carried out in consultation with the relevant agencies to minimise the risk to the public and with the long term aim of influencing the successful accommodation and resettlement of the offender, thus minimising the risk of re-offending and protecting the public and victims of offenders. The Local Authorities or Probation will express an interest on behalf of any applicant who falls within this category.
- 4.4. In the interests of public protection, it is essential that the Police and Probation Service are able to control and monitor the behaviour and activities of dangerous offenders. This task is made more difficult if such offenders do not have a fixed address or are housed in circumstances that make it difficult for the agencies to monitor them appropriately.

5. Transfer Policy

- 5.1. All existing tenants of the partners have the right to apply for a transfer, subject to any restrictions that apply to their tenancy. Tenants' housing needs will be assessed and placed in the relevant band on the register together with all other applicants.
- 5.2. Some advertised properties will be labelled giving preference to transfer applicants to ensure that each landlord makes the best use of their housing stock.

6. Assessment of Applications

- 6.1. The scheme will assess all applications according to the level of housing need of individual applicants. All applications will be placed into one of four Bands - Gold, Silver or Bronze or in exceptional circumstances placed into Emergency Priority Band (section 7 refers).

Applicants financial resources

- 6.2 Social Housing provided throughout Homefinder Somerset is for people who are considered to have insufficient resources to meet their housing need.
- 6.3 The resources available to each household will be assessed to determine whether they are sufficient to meet their housing need in accordance with this policy.

Household Income

- 6.4 Applicants with a gross household income more than four times higher than the relevant Local Housing Allowance level (or successor) prevailing in the relevant Somerset local authority area at the time will normally be considered to be able to meet their housing need, through either renting privately or owner occupation. Local affordability issues will be taken into account given that some areas of Somerset have especially high property values. Such applicants will therefore be placed in the Bronze housing need band unless the applicant falls within the circumstances set out at 6.8 below.
- 6.5 Further information on the financial assessment and the Local Housing Allowance rates that apply across Somerset are available from local authority housing teams.

The following types of income are fully disregarded:

- Attendance Allowance
- Disability Living Allowance

Capital, Savings and Equity

- 6.6 The capital, savings and equity available to an applicant's household will be assessed. If it is determined that, given:
- The applicant's capital, savings and equity;
 - The size and composition of the applicant's household;
 - The local housing market (for example prices to buy or rent privately);

that an applicant can resolve their own housing need within their local housing market, they will be placed in the bronze housing need band.

- 6.7 Applicants can contact their local authority housing teams for details of how this assessment is made.

- 6.8 An exemption from the financial assessment will apply if the applicant or their partner, where applicable, has been (or would be) accepted as unintentionally homeless and in priority need by a Homefinder Somerset local authority. Applicants who have an overriding medical or support need may be exempt from the financial assessment.
- 6.9 Partner landlords within Homefinder Somerset may have different policies relating to the levels of income and other assets of those households that they will accommodate. Whether an expression of interest for a home is accepted will therefore be subject to the policies of the each partner landlord. More information is available from each Homefinder Somerset partner.
- 6.10 Applicants may be required to demonstrate that they can afford the rent on any prospective tenancy before being allowed to sign for it.

Banding Criteria

- 6.11 Note that if an applicant accepts an offer of housing that does not fully meet their housing needs and then subsequently reapplies to the housing register with no change in their circumstances, it is likely that they will normally be placed in the bronze band.
- 6.12 The criteria for being placed within each band is as follows:

Gold Band

Homeless/Threatened with Homelessness:

Applicants accepted as homeless by a local authority within the Homefinder Somerset area under Part VII of the Housing Act 1996, (as amended by the Homelessness Act 2002) including Rent (Agricultural) Act Cases.

Lack of bedrooms / Overcrowding:

Applicants who lack 2 or more bedrooms, (Section 13 refers) or have been confirmed as overcrowded (defined as a category 1 hazard and/or Statutory overcrowded) by a Local Authority officer, UNLESS evidence exists that proves the overcrowding is deliberate. Where an applicant is sharing facilities please also see Silver band Lodger/Shared Accommodation.

Under-occupation:

The applicant is a tenant of a Homefinder Somerset partner who resides within the Homefinder Somerset area and under-occupies their existing property and is looking to move to a smaller, more suitable property. Note: Where a tenant lives in specialist two-bedroom property this may not apply. Applicants will only be able to benefit from this banding once when applying to the register unless there is a subsequent change in their circumstances.

Harassment:

The applicant is a victim of harassment or violence (including racial harassment) at their current property within the Homefinder Somerset area - providing evidence exists to substantiate the claim (e.g. from Police/Housing Officer).

Medical/Welfare:

The applicant is awarded a 'high' medical priority (see section 14).

Note that where public monies have been committed or works begun to adapt the applicants property to meet the applicants housing needs the applicant may be moved to bronze band.

Disrepair:

Based on the conditions identified, the local authority has deemed your home to have the presence of Category 1 hazards, Bands A - C (Housing Health & Safety Rating System) that CANNOT be resolved or reduced to a Category 2 hazard within 6 months.

Supported Housing:

The applicant resides within a short-term Supported Housing project (usually up to a maximum of two years) and is seeking to 'move-on' into independent accommodation. NB: The Project Manager of the scheme must confirm in writing that the applicant is ready for such a move and has acquired reasonable skills to sustain a tenancy. Until this time, the applicant will be placed within the Bronze Band. The application date will be the date they entered the Supported Housing, or the date a homeless application was made, where the earliest date will apply.

Care Leavers:

Where a young person who has been looked after, fostered or accommodated and has had a duty of care accepted under the Children Act in the Homefinder Somerset area, and is ready for independent living, they should be awarded gold band to enable a planned move on to independent suitable accommodation providing a support plan is in place.

Combined Medical/Welfare:

The applicant has been awarded a 'medium' medical priority, combined with a 'medium' disrepair award from the Silver Band (See Appendix 1&2).

Cumulative need

The applicant is awarded four or more silver band housing needs with the exception of those applicants that are found to be intentionally homeless by the relevant local authority.

Decants

Tenants whose existing properties are subject to major works for rebuilding/renovation or re-designation and need to move to another location, will be placed into the gold band to enable them to move quickly. Applicants will be placed into gold band up to 12 months before the proposed start date of the scheme/works (this date has to be confirmed by the landlord) and will be given an application date 1 year prior to their actual registration date.

Tenancy Succession

Where the Local Authority receives written support from a Homefinder Somerset landlord that an applicant has been living in a social housing property but has no legal right to succession on that property, and the landlord confirms that they intend to pursue possession of the property, the applicant may be placed into gold band. The applicant will be subject to the financial assessment set out within the policy.

Silver Band

Medical/Welfare:

Applicant awarded a 'medium' medical priority (see section 14).

Disrepair:

Based on the conditions identified by the local authority, it has been shown that your home has Category 1 hazards, Bands A - C (Housing Health & Safety Rating System) that CAN be resolved or reduced to a Category 2 hazard within 6 months and/or has shown that your home has Category 2 hazards, Band D (Housing Health & Safety Rating System).or at least 4 Category 2 Hazards.

Lodgers/Shared Facilities:

Applicant lodging with friends or family or in accommodation with shared living facilities. This will take precedence over any lack of bedroom requirements.

Lack of bedrooms:

Applicants who lack one bedroom in their current home.

Other Homeless:

Homeless/threatened with homelessness applicants not accepted by the Homefinder Somerset partners under Part VII of the Housing Act 1996 and who have nowhere to live (e.g. No Fixed Abode 'NFA').

Split Families:

Applicants who, not by choice are living in separate households due to the lack of suitable accommodation available, and cannot live together and wish to be re-housed and have not been accepted by the Homefinder Somerset Partners under Part VII of the Housing Act 1996 (as amended by the Homelessness Act 2002). This includes those who may not have been living as part of the household at the time of the application, but whom it would be reasonable to expect to live with the applicant, as part of his/her household.

An application form should be completed by the household living in the worst property out of the households applying, to ensure the application is placed in the correct banding.

Work/Support

Applicants who are able to demonstrate the need to move nearer their place of work within, the Homefinder Somerset area because they have secured or has permanent employment (over 16 hours) in the area (evidence of the employment must be provided). Also applicants who are able to demonstrate the need to move nearer local facilities or relatives, in order to receive, or give, support or care within the Homefinder Somerset area.

Relationship Breakdown:

Applicants who wish to live independently but who still reside with their ex partner/spouse following a relationship breakdown.

Children in flats:

Applicant who is pregnant or has a child/children under 10 years of age and lives in a first floor flat or above. Proof of pregnancy must be provided.

Bronze Band 

Adequately Housed:

Applicants who, at the time of their application, live in a property which is adequate for their needs in terms of size and facilities. This applies to applicants who live in social housing, are owner-occupiers or tenants of private landlords. Note an applicant that lives in a self contained bedsit/studio flat or apartment where no facilities are shared will be banded in bronze unless they have other housing needs.

Owner occupiers:

Applicants who are owner-occupiers (this includes shared equity properties), whose home is not suitable for their needs and who have sufficient equity within the property to obtain suitable alternative accommodation. The Local Authority will consider each application on an individual basis. (Note: high medical needs or disrepair problems may over-ride this rule and place the applicant in a higher band).

Medical/ welfare:

Applicants awarded a low medical/welfare assessment. (See Section 14)

Disrepair:

No significant hazards identified justifying enforcement action by the local authority. (See Appendix 1).

Move-on:

Applicants who are living in short term supported housing or are care leavers, prior to confirmation received by the Project Manager of the scheme or relevant care leavers protocol arrangements that the applicant is ready to move on, (at which point they will be placed into the Gold Band whilst maintaining their original application date).

7. Emergency Priority Band

- 7.1. An 'Emergency Priority Band' will only be issued to any applicant who requires an 'urgent' move to ensure the applicant's safety and welfare for whatever reason. Substantial evidence must exist before such a priority is awarded. This priority may be awarded where circumstances could include:
- a) The award of an 'urgent' medical assessment as defined in appendix 2 or
 - b) The award of an 'urgent' disrepair inspection by a Housing Standard Officer or Environmental Health Officer (EHO), or
 - c) In extreme cases where the Police or other relevant agency recommend an urgent move to escape violence or threats of violence, or
 - d) Where the applicant, or a member of their household, has suffered a sudden 'traumatic event' and living within their home will cause considerable distress (e.g. serious sexual assault), or
 - e) Where there are extreme cases of cumulative need and where it is unacceptable for the applicant to remain in the current banding (subject to the discretion of the Assessment Panel).
- 7.2. Please note that awarding of 'Emergency Priority Band' can only be made by the Assessment Panel except where confirmation has been received from a hospital that an applicant is bed blocking and they are unable to return to their home due to its unsuitability. Where an immediate decision is required, the Senior Manager within the respective local authority administering the housing register will consult two other members of the Assessment Panel, one of which must be from another partner organisation in order for a decision to be made. The case, and subsequent decision, must be reported to the next Assessment Panel meeting.
- 7.3. Emergency Priority Band may also be awarded where the tenant of a 'sheltered' or 'adapted' property for the disabled has died leaving another family member in the property and the landlord wishes that family member to be moved quickly to enable the property to be let to an applicant who requires it.
- 7.4. Emergency Priority Band is time limited and will last for 28 calendar days. If the applicant has not applied for a property suitable for their needs within that time their Emergency Priority Band will be reviewed by the Assessment Panel and if not renewed the applicant will be placed in the appropriate band for their needs. If no suitable vacancy has arisen within this time then the Emergency Priority Band will be renewed automatically.

8. Application Date

8.1. All applications will be given an 'Application Date'. This will be used when allocating properties to determine how long an applicant has been entered on the Homefinder Somerset Register. The date used for the application date will depend on the type of application. These are:

a) Applicants in short term supported housing

Any applicant living in short-term supported housing will have an application date of the day they moved into the scheme. Verification of this will need to be provided by the Project Manager of the scheme.

b) Homeless applicants accepted under Part VII of the Housing Act 1996 (as amended by the Homelessness Act 2002)

The date the applicant made their formal homeless application to the local authority.

Note: If the homeless applicant was already placed in the 'Gold' Band as a result of some other need, then their date of application remains the same and does not change to the date they made their homeless application.

c) General Applicants

Date the Homefinder Somerset Register application was received for assessment.

d) Emergency Priority Band Holders

Length of time 'Emergency' Priority Band held.

9. Change of Circumstances

9.1. Applicants whose circumstances change once they have applied for housing must either complete a 'Change of Circumstances' form (online or manual) or write to the local council housing office to enable their application to be reassessed by a housing officer. A change of circumstances could include the birth of a child, change in medical condition, threat of homelessness or change of address. The applicant must advise whether or not the landlord has carried out the improvements to remove hazards previously identified.

9.2. If an applicant moves into a higher band as a result of the reassessment then their original 'Application Date' will change to the date their circumstances changed. If the applicant moves into a lower band then their original 'Application Date' will remain the same.

9.3. In circumstances where registered 'Joint' applicants subsequently separate, the Homefinder Somerset scheme reserves the right to apply the original registration date to the household affected.

10. Application Renewals

10.1. Annual Renewal

Within 12 months from their initial registration date, all applicants may be sent a renewal letter. If the renewal information is not returned within 28 calendar days a cancellation letter will be sent.

If the applicant has been identified as potentially disadvantaged, including prison leavers, a letter will also be sent to the carer/agency specified. Failure to respond may result in a cancellation of application. Applications that are cancelled are subject to the review process.

10.2. No Expression of Interest Renewals

Where an applicant has not expressed an interest in any available properties for one year, from their date of application, they will be contacted to see if they still wish to remain on the Homefinder Somerset Register. If there is no response within the required time limit of 28 calendar days from the letter being sent, the application may be cancelled. The applicant will be notified of the cancellation in writing. If the applicant contacts the Local Authority within 28 calendar days of their application being cancelled and indicates that they still wish to be considered for housing the application will be reinstated from their last application date in band.

11. Cancelling Applications

11.1. An application will be cancelled from the Homefinder Somerset Register in the following circumstances:

- At the request of an applicant,
- Where an applicant does not respond to an application review, within the specified time limit,
- Where a Local Authority or a Registered Social Landlord has housed the applicant,
- When a tenant completes a mutual exchange,
- Where an applicant does not maintain their application through the review process, or where the applicant moves and does not provide a contact address,
- Where the applicant has not supplied the relevant information requested within 28 calendar days.
- Where an applicant is housed.

11.2. When an application has been cancelled (except where an applicant is housed by a Homefinder Somerset partner landlord), the applicant or their representative will be notified in writing. Where an applicant has been highlighted as potentially disadvantaged, the Local Authority will contact the applicant to check their circumstances before cancelling the application.

11.3. Any applicant whose application has been cancelled has the right to ask for a review of the decision.

12. Rejoining the Homefinder Somerset Housing Register

12.1. Where an applicant wishes to re-join the housing register at a later date their new date of registration will be the date they re-apply. Their date in band will be the date that they are placed in the housing needs band following assessment of the new application.

13. Size of Property

13.1. Applicants will be able to express an interest for selected properties which match the needs of their household. Household members living together as a couple will be assessed as requiring 1 bedroom unless there are exceptional circumstances. Additional adults (defined as being 16 years of age or older) living permanently in a household will require an extra bedroom but may share if of the same gender.

A maximum of two people can share a bedroom. Children who are over 7 and of different genders will require their own room.

As a general point an applicant's minimum bedroom requirement will be based on household members that are over 7 years old and under 16 years of age that are of the same sex sharing a bedroom, with household members over 7 years old and under 16 years of age of different sexes requiring their own rooms. The maximum entitlement will be based on all household members over 7 years of age requiring their own room.

When letting houses, priority will normally be given to households with children under 16.

Please note individual landlord letting policies or local planning policies may affect size of households that may apply for particular properties. Any such restrictions will be included in the property advert.

The property sizes shown below do not necessarily apply to existing tenants who are under occupying their existing property and are seeking to move to a property that is at least 1 bedroom smaller.

Please Note - Applicants banding (for the purposes of lacking bedrooms) will be based on their minimum bedroom entitlement.

Size of Property

Household Composition	Assessed Property Size & Type – used for banding	
	Min Bedroom	Max Bedroom
Single applicant or couple with 2 children same sex (both 16 or over)	2	3
Single applicant or couple with 2 children same or mixed sex (both under 7)	2	2
Single applicant or couple with 2 children mixed sex both over 7 and under 16	3	3
Single applicant or couple with 2 children same sex both over 7 and under 16	2	2
Single applicant or couple with 2 children mixed sexes (both 16 or over)	3	3
Single applicant or couple with 3 children (mixed sexes, one male under 16 and two mixed aged 16 or over	4	4
Single applicant or couple with 3 children (mixed sexes, one male under 16 and two female aged 16 or over)	3	4
Single applicant or couple with 3 children (mixed sexes, two male under 16 and one female aged 16 or over.	3	4
Single applicant or couple with 3 children (2 mixed under 16 (older than 7) and 1 male aged 16 or over.	4	4
Single applicant or couple with 3 children (mixed sexes, two mixed under 7 and one male aged 16 or over.	3	4
Single applicant or couple with 4 children (2 mixed sexes under 7, two mixed under aged 16.	4	4
Single applicant or couple with 4 children (2 same sexes under 7, two same sex under aged 16.	3	4
Single applicant or couple with 4 children (2 same sexes under 16, two same sex over 16.	3	4
Single applicant or couple with 4 children (3 same mixed under 16 2 Male 1 female, 1 male over 16.	4	4
Single applicant or couple with 5 children (3 same mixed under 16 2 Male 1 female, 2 mixed over 16.	5	6

- 13.2. Because of the very high demand for properties within Somerset, additional bedrooms cannot be given to applicants who do not have children who normally live permanently with them as their full time principle home. Partner landlords may choose to allow applicants to express an interest for properties that are larger than their needs but this will be on a property by property basis and is at the landlords discretion.
- 13.3. For any current tenant of a partner landlord downsizing to smaller accommodation there are no restrictions on the size of property they can move to providing no overcrowding will occur. The new property has to have at least one bedroom less than their current home. However in certain circumstances, where an applicant for example is moving from a house to a flat with the same number of bedrooms, then the number of bedrooms maybe disregarded.
- 13.4. Where tenants of a partner landlord are overcrowded within their accommodation account should be taken of the room sizes in determining an applicants banding. For example, where a tenant is living in 2 bedroom, 3 bed space unit, if there is a couple and 2 children living within the property, these applicants should be viewed as one bedroom overcrowded, Silver Band, eligible to apply for a 3 bedroom property, as they are one bed space overcrowded.
- 13.5. Applicants who are overcrowded by 2 bedroom spaces or more should be 'Gold Banded'. See section 6.1 – gold band for further information. Consideration for an extra bedroom will also be given where the applicant has a live-in carer.
14. Medical Assessments
- 14.1. An applicant's (or member of the household included within the application) medical condition can be assessed in one of two ways:
- Physical condition/illness:
Applicants complete a Health & Housing Assessment Form, which asks for details of the applicant's medical condition, reasons why their current property affects that condition and reasons why they wish to move.
- Mental Health
The Health & Housing Assessment Form also assesses an applicant's mental health condition. Applicants may wish this form to be supported by a professional worker (e.g. CPN, Social Services, Doctor) who has knowledge of the applicant and their condition.
- 14.2. All medical applications will initially be assessed by an appropriate Housing Officer or by Assessment Panels.
- 14.3. The assessment will be based on the applicant's (or member of the household included in the application) medical condition, the affect their property has on that condition and how moving to an alternative property can help that condition. (See Appendix 2 for Medical Assessment Notes)

-
- 14.4. Following the medical assessment, the applicant will be informed in writing of the outcome and any change to their banding. If the applicant disagrees with this assessment they may appeal to the panel to reconsider their medical application. The Panel will only undertake reviews where further medical evidence is supplied by the applicant to substantiate their application. Any requests for a review of the Panel's decision must be made within 14 days and the decision will be reviewed within 28 calendar days.
- 14.5. Where an applicant's (or member of the household included in the application) medical circumstances change substantially, a new medical application should be submitted along with any supporting evidence.
15. Disrepair Assessments
- 15.1. The application form asks applicants about the condition of their current home. Where an applicant indicates the property is in a bad state of repair they will be sent a 'Property Condition Report Form' to complete and return to their local authority housing office. The form asks the applicant for details of the hazards that are affecting their health or safety and these will be used by an appropriate Housing Officer or referred to an inspector (normally an Environmental Health Officer (EHO) or Housing Standards Officer) when conducting an inspection of the property. If the applicant resides outside of the Homefinder Somerset area, then the Homefinder Somerset Partnership will contact the respective Local Authority to arrange an inspection, if required.
- 15.2. Following the inspection, and depending on the condition of the property, a level of priority will be allocated - either nil, low, medium, high or urgent, which will determine the band in which the applicant is placed. If the applicant is an existing social housing tenant the relevant landlord will be notified of the problem.
16. Notification
- 16.1. Once you have been verified as eligible to join the register, your fully completed application form will then be assessed. We aim to undertake this assessment within 15 working days. You will then receive a letter confirming your application details. This letter will notify you of the following ;
- a) The Band in which the applicant has been placed (bronze, silver or gold or emergency)
 - b) The reason for their banding
 - c) The size of property the applicant is eligible for,
 - d) The Application Date,
 - e) A reminder about informing us of any change in circumstances,
 - f) The Homefinder Somerset review procedure (see section 17),
 - g) A personal reference number to allow expressions of interest for properties.

16.2. Applicants will also receive notification of their application details within 15 working days if they have submitted a Change of Circumstances' form.

17. Review Procedure

17.1. Once an applicant has been notified in writing of the band in which they have been placed or their ineligibility, they will have a right to request a review against the assessment. Reviews must be submitted in writing, to the local authority housing office within 21 calendar days of the date on the notification letter and include the reason why the applicant believes their banding or ineligibility is wrong, together with any additional information that the applicant believes is relevant.

17.2. The request for a review will be acknowledged by the Local Authority within 5 working days of its receipt. An officer who played no part in the original assessment will carry out the review and respond in writing to the applicant within 28 calendar days of the receipt of the review letter. Following the review, the applicant will be informed of the outcome in writing.

17.3. If the applicant is dissatisfied with the outcome of the review then they can request a further review through the relevant local authorities reviews procedure.

18. Finding a Home

18.1. Once applicants have been entered on the Homefinder Somerset Register and notified of banding and reference number, they can start to look for a property of their choice.

19. Advertising

19.1. All partner landlords are committed to advertising their available properties as widely as possible. Properties can be advertised on a weekly/fortnightly basis and may be advertised in one or more of the following ways:

a) Newsletters

Adverts may also be placed into free Homefinder Somerset newsletters, which will be available in a number of localities across Somerset.

b) Website

A dedicated Homefinder Somerset website is available (www.homefindersomerset.co.uk) and is accessible to anyone with Internet access. The website will allow applicants to view all available properties across the whole of Somerset and apply 'on-line' for properties of their choice.

c) Local Offices

Computers will be placed in some landlords' offices for applicants to view and express an interest for available properties. Other sites may also be considered.

d) Hotline

A local number is available for applicants to call to hear what properties are available.

Applicants will hear an options menu where different size properties can be selected and heard. This service is important to the Homefinder Somerset service and our efforts to assist disabled applicants, particularly those who are blind or partially sighted to access the service.

The Hotline service will also benefit those applicants who are unable to read.

20. Advertisement Deadlines

20.1. All advertisements will carry a deadline by which time expressions of interest for particular properties must be received. This will normally be one week from the date of the advert. Any applications received after the deadline has been reached will not be considered for the property.

21. Property Descriptions

21.1. Properties advertised will carry (where possible) a photograph of the property and a full description. As a minimum the description will include:

- a) Type of property
- b) Number of bedrooms
- c) Location of property
- d) Any adaptations (e.g. disabled facilities)
- e) Services provided (e.g. support, caretaker, cleaning)
- f) Heating type
- g) Rent charged/service charges

22. Labelling Properties

22.1. Adverts will also give information on who will be eligible to apply for the property. For example, if the property is a sheltered housing unit the advert may state that only applicants above a certain age with support needs would be eligible or where there are other support needs due to physical or mental disabilities. An adapted property suitable for someone in a wheelchair may be labelled to say that applicants must require such a property.

22.2. Properties will only be available to applicants in certain 'Bands' according to the size and type of the property, the number of annual vacancies and level of demand. For example, a three-bedroom property in a high demand area may only be advertised to 'Gold' Band applicants, areas where there is low demand may be offered to both Gold and Silver Band applicants, or in some cases, all bands. In addition certain properties may only be available to applicants that meet specific eligibility criteria (e.g. eligible for supported housing, or having certain age requirements for household members).

22.3. Supported Accommodation (e.g. sheltered)

In addition to the banding system, all partner landlords may wish to ensure that supported accommodation is allocated to those who have not only a housing need but also a 'support' need (as detailed in the application form). Landlords will therefore be looking to accept expressions of interest from applicants in the highest band and who may have an identifiable support need in addition to the earliest application date. This support need will be verified at the time of the home visit.

22.4. Local Connection

Although the banding system reflects housing need and subsequently the priority of each application, there may be occasions when it may be appropriate to protect housing for local people. Local connection is defined where an applicant has:

- Normally be resident in Homefinder Somerset. Local Government Association guidelines define this as having resided in the relevant area for six of the last twelve months, or three out of the last five years, where residence has been out of choice. In line with the Housing and Regeneration Act (2008) service personnel who have been based and living in Somerset will be considered to have a local connection with Somerset.
- Work in Homefinder Somerset. The Local Government Association guidelines define this as employment other than of a casual nature. For the purposes of this policy this will be defined as having had permanent work with a minimum of a 16 hour contract per week for the previous 6 months, and without a break in the period of employment for more than three months.
- Note that residency in a property where treatment or rehabilitation of any kind whilst working will not count towards establishing a local connection.
- Where an applicant needs to move to take up an offer of permanent employment (over 16 hours and evidence will be required) within Homefinder Somerset and commuting to their new place of work from their existing home would be unreasonable.
- Have family connections in Homefinder Somerset. The Local Government Association guidelines define this as immediate family members (parents, siblings and non-dependent children) who have themselves lived in the area for five years and with whom there has been frequent contact, commitment or dependency.
- Demonstrate a need to move to Homefinder Somerset to give or receive medical or other support.

Preference may be given to local residents who may be economically or socially driven from their community due to a lack of affordable housing. This may be due to planning restrictions (Section 106 Agreements) or to ensure sustainability of the parish where there is a clearly proven local housing need.

22.5. Transfer Applications

All the partner landlords are keen to ensure that they make the best use of their own stock. To achieve this, it is likely that a certain proportion of properties advertised will be labelled giving preference to transfer applicants or transfer applicants in a specific band, for example the silver band and in some cases preference will also be given to existing tenants of that landlord. The number of properties labelled as such will be monitored on a regular basis.

22.6. Accepted Duty Homeless Cases

In order to fulfil its statutory duties towards the homeless and to create a through flow of temporary accommodation a Local Authority may label properties allowing only households who have been accepted by that Authority as unintentionally homeless and in priority need, to express a preference or give preference to this group.

22.7 Sensitive Letting – individual properties

Occasionally there may be a requirement to assist in dealing with issues that impact on a small, specific location that may be only 1 dwelling on an estate or within a block. This may be to:

- Reduce the concentration of certain needs groups which are impacting on housing management
- Promote a mixed and sustainable community by seeking to select/not select households with particular characteristics

On these occasions certain property labels (e.g. minimum age of household members) may be used following a discussion between the local authority and the relevant landlord (where the local authority is not the landlord itself). The decision to apply particular requirements will be made by the relevant Homefinder Somerset local authority.

22.8. Labelling Caution

The general effect of labelling can be seen to compromise the extent to which vacancies will be let to the highest priority applicant as described under the banding system. It is therefore important for each landlord to minimise such labelling in order to maintain transparency to the allocation system.

22.9. Complaints

Any complaints about the applicant's banding should be directed to the Local Authority. Complaints regarding the labelling of the property e.g. size, amenities, should be referred to the individual landlord of the property. If a successful applicant is not offered the accommodation for any reason then any complaints regarding this should be directed to the landlord making this decision.

23. Expressing an interest in a Property

23.1. Where an applicant meets the eligibility criteria, and is placed within the stated band or bands given in the advert, they may express an interest for that property within the deadline given.

23.2. Applicants are limited to three expressions of interest per weekly cycle, however, this will be monitored by the Homefinder Somerset Scheme on each weekly advert. Where an applicant expresses an interest for a property successfully, they will be given a time period (normally 48 hours) in which to decide which property they will accept.

23.3. Applicants may apply for properties via www.homefindersomerset.co.uk or by contacting their respective local authority housing office;

a) Mendip District Council, Cannards Grave Rd, Shepton Mallet
BA4 5BT

24. Selection Procedure

- 24.1. Once the advert deadline has passed, each district will run a report from the computer system, which will list all the advertised properties and all the applicants who have applied for each of them. For each property advertised the successful applicant will be the applicant(s) who has been entered on the housing register for the longest period of time and has been placed in the highest band. The length of time on the housing register is indicated by using the individual 'Application Dates' given to each applicant. The application date will be determined depending on the type of application, as described in section 8 'Application Date'. In the situation where there are two households with the same circumstances, and same waiting time, the landlord will visit both households to assess who is in the greatest housing need and will take into account cumulative preferences. Where an advert has been placed with more than one preference and no applicants meet all the preference criteria, the shortlist will be ordered in accordance with the remaining preferences set for that property. Details of successful applicants will be checked to ensure they are eligible for the property. Only those applicants who meet the stated criteria will be offered the property.
- 24.2. The name of the successful applicant will be forwarded to the agreed officer within each landlords' organisation (some landlords will be able to access directly the computer system expressions of interest for their respective properties). Each individual landlord is responsible for the verification of the successful applicant. Each applicant will be given the opportunity to view the property before making a final decision on whether to accept or refuse. Assistance with viewing will be available if required.
- 24.3. If an applicant has been identified as being unsuitable to be a tenant due to the grounds described in section 3.7, and has made no attempt to rectify the situation then the applicant may not be allocated the property despite a successful expression of interest. The applicant can make an application if they consider that they should no longer be treated as ineligible for an allocation of social housing, e.g. because the rent arrears have been cleared or an agreement has been reached and maintained over a reasonable period of time or because the person who had been guilty of anti-social behaviour is no longer part of their household.

- 24.4. If a property is subsequently withdrawn after an applicant has successfully expressed an interest, because for example the tenant of that particular property has failed to vacate the property or the property has been incorrectly labelled, the landlord will inform the successful applicant that the property is no longer available. If the property is not ready for occupation following a successful expression of interest and the applicant is likely to wait some considerable time before moving in, the landlord will inform the applicant and give them the option to express an interest for any other suitable properties.
- 24.5 If an applicant is banded in the Gold band due to harassment in a specific area and expresses an interest on a property in that same general area. The landlord or local authority may choose not to offer that property to the applicant (if they are the highest applicant on the shortlist) if in their opinion, it is unlikely to address the harassment issues raised on the initial application.
- 24.6 When offering properties landlords should have regard to the housing needs of the applicant as per their banding reason.
25. Feedback
- 25.1. An important part of the scheme is giving applicants feedback on who has recently been allocated properties. Accompanying each advert will be a feedback section giving details of the properties allocated.
- 25.2. Applicant's personal details will not be included. However, it is envisaged that the feedback form will include:
- a) Property size and type
 - b) Property location
 - c) Number of applicants who applied for each property
 - d) Band of successful applicant
 - e) Application date of successful applicant
- 25.3. An overview of this information will be regularly monitored.
- 25.4. Using this information, applicants will be able to see where properties are more likely to become available and where they may have the best chances of making a successful 'expression of interest'. It is essential that with any choice-based lettings scheme, applicants have as much information as possible in order to help them make an informed evaluation of their housing options.

26. Refusals

- 26.1. If an applicant decides to refuse an offer of accommodation, either at the accompanied viewing, or when an initial verbal offer is made, the property will be offered to the next eligible persons.
- 26.2. If a homeless applicant refuses an offer of suitable accommodation, the Local Authority may decide to discharge its duty under the Homeless Legislation.
- 26.3. Homeless applicants have the right to request a review of certain decisions made by the local authority in respect of their homeless application. Within the Homefinder Somerset Common Lettings Policy this includes the decision to discharge the main homeless duty to secure accommodation by providing suitable accommodation for the applicant.
- 26.4. If a homeless applicant wishes to request a review of the suitability of accommodation offered, this should be requested before the end of the period of 21 calendar days beginning with the day on which they are notified of the housing authority's decision to discharge its main homeless duty.
- 26.5. A homeless applicant who is requesting a review about the suitability of accommodation will be advised to accept and move into the accommodation pending the outcome of their review request. The Local Authority's Homeless Section will inform the appropriate officer as soon as a decision has been made, normally within 7 calendar days as to whether or not the property will remain available through the review process. It should be noted the property will only be held open in exceptional circumstances. If a non statutory review is conducted and the offer withdrawn by the Homeless Officer on grounds of suitability then the second placed applicant will be made an offer of the property. If the outcome of a review is overturned in favour of the homeless applicant, the alternative accommodation will be provided as quickly as possible. However if the review of suitability of the offer is upheld the applicant will still have accommodation to live in whilst they consider their further options.
- 26.6. Households who have been placed in the gold band because they are homeless or threatened with homelessness will be expected to express an interest for all suitable homes within the relevant local authorities area advertised through Homefinder Somerset each week. This will be monitored on a regular basis by the relevant local authority. If after a period of between 8 to 16 weeks applicants are not actively expressing an interest for suitable accommodation then automatic expressions of interest may be placed on their behalf. Before automatic expressions of interest are placed the relevant local authority will carry out an assessment as to what type of property would be suitable and in what location. Automatic expressions of interests will be limited to the local authority area where the applicant has been accepted as homeless unless the applicant has expressed a preference to move to another Homefinder Somerset local authority area. If the homeless applicant refuses a suitable offer of accommodation within the Homefinder Somerset area, the Local Authority will consider its duty towards them as a homeless household discharged, subject of course to the statutory review process.
- 26.7. Records will be maintained on the number of refusals for each property and the reason why the applicant decided to refuse. With the exception of applicants who are in gold band because they are homeless or threatened with homelessness, applicants who refuse three

formal offers for suitable accommodation will have their case reviewed by the local authority managing their case. They will be offered advice and assistance regarding the Homefinder Somerset scheme. If they subsequently refuse one further offer they will be placed in bronze band for 3 months. After 3 months the applicant will be reassessed and placed in the appropriate band and may lose their original effective date.

27. Difficult to Let

27.1. If a vacancy cannot be filled via the CBL scheme, the property can be re-advertised on a wider basis in conjunction with the Local Authority.

28. Excluded Properties

28.1. All the partner landlords are committed to advertising as many of their vacant properties as possible through the CBL system. There will be occasions when certain properties will not be advertised and the reasons for these exclusions will be monitored. An example would be extra care vacancies which are allocated jointly with Somerset County's Community Directorate (Social Services).

29. False Information and Deliberately Worsening Circumstances

29.1. Applicants who are found to have deliberately given false information on their Homefinder Somerset Register application form will have their application reviewed immediately. This may result in the 'Band' awarded being changed as a result.

29.2. An immediate review of an application may also be undertaken if an applicant is found to have deliberately changed or worsened their housing situation in order to be placed into a band higher than they would normally have been awarded. If an applicant is re-housed through false information, steps may be taken to end the tenancy and court action may be taken which could result in the applicant receiving a fine up to a maximum of £5,000. Any applicant who is deemed to have deliberately worsened their circumstances will only receive an assessment based on their circumstances before they were worsened.

29.3. All landlords in this agreement are committed to taking legal action against any applicant found to have gained a tenancy based on false information in their application form. (Section 171 of the Housing Act 1996).

30. Access to Personal Information

30.1. Individuals are entitled under the Data Protection Act (1998) to request details of their personal data held by the five Local Authorities. A charge may be made for providing this information.

30.2. The information received, in conjunction with housing applications, may also be used for housing management and research purposes.

31. Monitoring

31.1. A number of areas within the CBL system will be monitored on a regular basis to ensure that the system is operating in the most effective way. Areas to be monitored may include:-

- Number of registrations received
- Percentage of applicants registered and notified within 15 working days
- Number and percentage of applicants registered within each band
- Number of proper ties advertised by type, area, landlord
- Number of proper ties advertised with local connection label
- Number of proper ties, with reasons, excluded from CBL system, by landlord (e.g. decants)
- Number of expressions of interest and method of expressing
- Number of expressions of interest for each property by band
- Profile of those expressing an interest (e.g. waiting list, transfer, homeless, disabled, ethnic background)
- Number of applicants bypassed for breach of tenancy conditions
- Number of accepted offers by band
- Number of tenancies refused at sign up
- Number of properties re-advertised due to difficulty in letting
- Number of review requests
- Number of complaints
- Number of applicants in short term supported housing awaiting active re-housing (following confirmation by scheme of readiness to move)
- Number of homeless applicants in 'Gold Band' awaiting re-housing (not expressing an interest)
- Number of 'Gold Band' applicants who have not expressed an interest in a property for more than 6 months
- Number of Emergency Priority applicants awaiting re-housing
- Number of applicants from outside the Homefinder Somerset area being re-housed
- Banding the property is advertised in
- The use of labelling
- Number of people housed by band

32. Equal Opportunities

32.1. All partners of Homefinder Somerset are committed to a fair and equitable housing policy and to providing equal opportunities for all when allocating available properties. All housing applicants will be assessed according to their housing need and in accordance with the published lettings policy.

32.2. All partners of Homefinder Somerset are opposed to direct or indirect discrimination and recognise the need for appropriate systems to actively prevent discrimination on the basis of race, colour, ethnic or national origins, gender, sexuality, marital status, religion, physical disability or mental health. Any allegations or concerns that an organisation has not acted appropriately have to be made directly to that organisation. All partner landlords are publicly accountable and must have a complaints policy and an independent Ombudsman.

33. Social Inclusion

33.1. All partners of Homefinder Somerset believe that applicants should be given every assistance to access the housing register and search for suitable properties. For example, the provision of the Homefinder Somerset 'Hotline' number will assist those applicants who experience literacy problems or who are blind or partially sighted and unable to read the adverts.

33.2. The Mental Capacity Act 2005 came into effect, in England, in April 2007 introducing a major overhaul of the law relating to individuals who lack capacity in decision making, particularly around changes in accommodation. The Act introduces a legal obligation on health and social care commissioners to jointly commission advocacy services and also has significant implications for the provision of supported housing, care and support services. To assist further, all statutory and voluntary agencies who work within the community either helping or advising applicants have been given information and training in order to fully understand the Homefinder Somerset Scheme and thereby assist at first hand their clients to search and apply for suitable housing.

33.3. To further assist applicants the following methods may be used:-

- Applicants potentially disadvantaged by the scheme will initially be identified from the application form. Staff will contact these applicants and offer them a home visit or interview. Staff will seek to establish what the support needs are and identify ways of enabling the applicants to participate in the CBL system. This may include sending copies of the adverts in large print to an applicant or simply providing advice.
- If the applicant agrees, staff may contact any professional or voluntary workers from health or Social Services with whom the applicant is involved to ensure they understand the procedures and that necessary support is provided. All agencies funded through Supporting People should be in a position to provide their clients with help on housing issues.
- Disadvantaged applicants are able to nominate a person (including family members, friends or professional worker) to express an interest on their behalf or to help them express an interest for suitable properties in the office.
- An alternative is for Homefinder Somerset staff to automatically put the applicants forward for vacancies that would be suitable, in the small number of cases where the applicant has no support.

34. Policy Review

34.1. The Homefinder Somerset Scheme is regularly reviewed to ensure that the policy meets its stated objectives and complies with legislative changes. Any changes to the Common Lettings Policy are implemented only after prior notice to members and the majority agreement amongst the partner landlords.

35. Complaints

35.1. Any complaints regarding the scheme should be directed initially to the organisation processing an applicant's claim.

36 The Housing Ombudsman

36.1. If an applicant is not satisfied with the action taken by either the Local Authority or a Registered Provider of social housing and has exhausted the complaints procedure available, they can send a written complaint to the ombudsman.

APPENDIX I

Disrepair Guidance

Gold: High

Based on the conditions identified the Private Sector Housing Team has deemed your home to have the presence of Category 1 hazards, Bands A - C (Housing Health & Safety Rating System) that CANNOT be resolved or reduced to a Category 2 hazard within 6 months.

Silver: Medium

Based on the conditions identified the Private Sector Housing Team has shown that your home has Category 1 hazards, Bands A - C (Housing Health & Safety Rating System) that CAN be resolved or reduced to a Category 2 hazard within 6 months.

And/or has shown that your home has Category 2 hazards, Band D (Housing Health & Safety Rating System).

Bronze: Low

No significant hazards identified justifying enforcement action by the local authority.

APPENDIX 2

Medical Considerations

When ill health, disability or old age is aggravated by housing conditions and would improve if other accommodation were offered. The award for medical consideration is a range from Gold to Bronze Band.

Low	Minor Problems	Bronze
Medium	Moderate Problems	Silver
High	Serious Problems Medical issue(s) which have a serious impact on your housing need or make it unreasonable to remain in your current accommodation.	Gold
Urgent	Urgent Medical need which is life threatening or which is causing bed blocking with hospital/care facility	Emergency

(See following examples which are for guidance only)

In the case of stress this will be reflected when deciding on banding.

The two crucial factors that are looked for in any awards of medical conditions are:

1. The physical link between the identified medical complaint and the current housing accommodation/situation.
2. That there is a realistic expectation that the identified medical condition would improve if alternative, more suitable accommodation was made available.

The Housing Team will carefully consider any representation received and check the circumstances outlined with any banding award that may have previously been made. Where there is a need, a change to banding will be made. You do not normally need to submit medical certificates or letters from your GP. However, no supporting evidence is refused and may assist the Housing Officer in assessing your application. Please note that the Local Authority will not pay any costs associated with the provision of supporting medical evidence.

When determining what banding to award, staff should approach the matter from the standpoint of assessing what degree of need exists and, secondly, what adverse effect this has on the lifestyle of the household as a whole?

To achieve consistency in the allocation of banding under this heading a descending schedule is detailed below.

High Problems – Gold Band. This band will be reserved for those cases where an applicant's or tenant's housing need is seriously affected by their medical conditions and those conditions are so serious that it is unreasonable for them to remain in their current accommodation.

Please note that gold band will only be made where the property cannot be adapted to meet the applicants needs or funds are not available for such adaptations or landlord permission cannot be obtained.

Example 1: An elderly applicant who the medical specialists will not allow to be discharged from hospital back to a second floor split-level flat which necessitates the climbing of stairs both to gain access and also within the flat itself. This person suffers from a chronic heart condition and the only accommodation available to them would place their life at risk. This view is amplified when further research reveals that the applicant lives alone, has virtually no contact with any neighbours, becoming in effect, a prisoner within the flat should the medical authorities decide to discharge him/ her from hospital.

Example 2: Mr Stevens, a frail, elderly gentleman, lives on his own in an old caravan in the grounds of a house in a country area. The only mains service is electricity. He fetches his water from an outside cold water tap and must use an Elsan bucket toilet situated some distance from the caravan. Mr Stevens suffers from dizzy spells, arthritis and was admitted to hospital as a result of the cold during the winter and the danger of falls when collecting water or using the outside toilet.

NOTE: The location of the toilet and water supply are contributory factors when arriving at the decision that this elderly gentleman is vulnerable.

Numerous examples could, of course, be given and one thinks of a younger applicant or tenant where housing circumstances have driven them into a situation where medical authorities and/or social workers feel there is a risk of suicide or child abuse etc.

NOTE: It is expected that any medical award, which is assessed to be an serious problem, will be linked to medical or social service recommendations that have been received by the Housing Team.

Medium/Moderate Problems – Silver Band. This again is a high banding award and should only be used to reflect moderate medical difficulties that have a clear relationship to existing housing circumstances. It is distinguished from the previous sub-division (i.e. Serious Problems) because in this instance the person's life cannot be considered to be at risk.

Example 1: Mrs Smith, an elderly widow, lives on her own in a first floor flat. She suffers from severe rheumatoid arthritis, and is unable to climb stairs. As a consequence she is housebound.

- Example 2:** Mrs Coles is living with her common-law husband in a rented property. Mrs Coles considers that their relationship has broken down, although her common-law husband refuses to accept this fact. Whilst she has not been subjected to physical violence, there is a great deal of mental cruelty which has led to Mrs Coles seeking the help of a Consultant Psychiatrist and being unable to work for several months. She has been advised that her mental health is being affected by her relationship with her common-law husband. In a case such as this, it would be essential for the Housing staff to consult the Community Physician before making a banding award.
- Example 3:** Mr and Mrs Brown, are both aged 70, are the owner-occupiers of a large Victorian property. Mrs Brown also suffers from osteoarthritis and now finds mobility painful, which is aggravated by this large dwelling, where only the WC facilities are on an upper floor. Mr Brown has a blood disorder and has considerable problems keeping warm, which is aggravated by this old property with its large rooms and high ceilings. The GP is concerned on both accounts and has advised the Housing Team accordingly.

With both serious and significant problems officers have a certain amount of discretion regarding the award. This will be of particular use to visiting officers in assessing the degree of seriousness of any medical problem.

Low/Minor Problems – Bronze Band. The degree of the problem is clearly less severe.

- Example 1:** A couple in their early 60s have signs of generalised arthritis and rheumatics. There are some difficulties with the accommodation because it is difficult to maintain a constant temperature during winter months. The garden is also becoming an increasing chore, but out of a sense of pride the occupants continue to try and keep on top of it.
- Example 2:** Minor problems relating to recurring colds or regular depression or unusual allergies could be pointed under this heading providing a link to the existing accommodation could be demonstrated.

Conclusion

When Staff should refer Medical Assessments to the Assessment Panel

The Housing Team will carry out the majority of assessments under the Medical Consideration element. However, there will be occasions when the advice of either the Somerset Primary Care Trust or Now Medical will need to be sought or a referral made to the medical Assessment Panel. For example, where an applicant's housing circumstances are affecting their mental health, or where a GP considers a patient requires over-riding priority as a result of a medical problem.

We may seek an independent medical opinion whenever an applicant does not normally fall within one of the priority categories under part VI and VII of the Housing Act 1996 (as amended by the homelessness Act 2002) and/or experiences health problems which are likely to make them vulnerable in a homeless situation. This information will be used to inform the relevant local authority officer to decide the Local Authority obligations.

The notes in the Manual should act as a guide to staff. The important aspect is to make a decision on what banding should be awarded and when. The Visiting Officer's report should set out in the rationale as to why bandings have been pitched at that particular level.

The following list covers some of the main factors, which can be reflected in a banding award under medical considerations.

1. Mobility - Inability to manage stairs/control-heating (e.g. put on extra clothing or adjust fire). size of accommodation, garden.
2. Applicants or tenants who are more or less confined to their existing accommodation, or where they depend on others to enable them to leave the dwelling.
3. Where present accommodation is causing the applicant's mental or physical disability, which could be overcome by a move to more suitable accommodation. The approach in this instance is to focus on how the applicant or tenant's circumstances could be improved by a move to alternative accommodation - banding will be awarded accordingly.

The possible link between Applicants or Tenants who are assessed to have high Medical Problems (Gold Band) and recognising the scope to regard the Application as an 'Emergency Band'.

Medical factors can constitute one of the most urgent forms of housing need. Housing staff should scrutinise, with extreme care, applications which attract Gold Banding for Medical Consideration. It may be appropriate to consider the application as an Emergency Banding.

APPENDIX 3

Glossary of Terms about Choice Based Lettings

Advertising Period - The number of days in which a applicant has the opportunity to express an interest' in a home once it is advertised.

Cancellation of applications – this will mean the closing of an application on the system.
Choice Based Lettings (CBL) - A new system being introduced for the allocation of social housing. CBL is designed to offer more choice and involvement for applicants in selecting a new home. It is a much more open, transparent and customer-based approach in the allocation of proper ties.

Consultation Period - A period of three months in which Mendip District Council, Sedgemoor District Council, South Somerset District Council, Taunton Deane Borough Council and West Somerset District Council consulted with all interested par ties and stakeholders about its plans to introduce Choice Based Lettings. The initial consultation period was from May 2007 to August 2007 . A subsequent consultation took place between October 2010 and December 2010.

Express an Interest - - To be considered for an available home, applicants are required to contact us to 'express an interest' or 'bid' for a property. No money is involved in 'making a bid' or 'expressing an interest' in a property.

The Housing Health and Safety Rating System is a way of assessing properties to calculate the level of hazard (category 1, 2 etc.) or risk to health of a vulnerable household living or residing in that property. <http://www.communities.gov.uk/housing/rentingandletting/housinghealth/> and <http://www.communities.gov.uk/publications/housing/hhssoperatingguidance>

Housing Register - A list of applicants for housing accommodation.

Banding Scheme - The system currently used by the Homefinder Somerset Scheme to determine the priority of a applicants housing need. Banding is allocated to the applicant to reflect their current circumstances and future housing need. The banding allocated determines the applicant's position in the waiting list for a particular type/size/location of a home.

Property Label - A description of the property being advertised as available to let. The label will generally include a photograph, location, type of property, number of bedrooms, type of heating, any disabled adaptations, whether there is a garden or not, if pets are accepted and other features. The label will indicate who may be eligible to express an interest for the property. This could include, for example, where a local connection may be required, if there is an age restriction or the property has adaptations.

Registered Provider – This is a term introduced by the Housing and Regeneration Act 2008 applying to housing associations registered with the Homes and Communities Agency. Registered Providers have access to Social Housing Grant public funding for the capital costs of providing housing.

Shortlist - Once the deadline has passed for registering an interest in a property, a list of those that have expressed an interest, who have met the advertising criteria for each individual property is generated by the computer system. Generally, the applicant offered the property will be the person who has been in the highest housing needs band for the longest period of time.

Social Rented Housing - Housing of a high standard, which is provided at below market cost for households in housing need by local Authorities and Registered Providers. It operates on a basis of accepted and regulated standards of good practice in relation to physical conditions, management, allocation, equal opportunities and accountability. The Homes and Communities Agency sets the maximum rent levels.

Impact Assessment form and action table

<p>What are you completing this impact assessment for? E.g. policy, service area</p> <p>Homefinder Somerset Choice Based Lettings Scheme</p>	<p>Service: Strategic Housing</p>
<p>Section One – Aims and objectives of the policy /service</p>	
<p>The scheme provides a “Housing Options Hub” for Somerset bringing together a range of housing options including shared ownership, low cost home ownership, Choice Based Lettings and mutual exchanges. All applicants for housing are assessed under one clear lettings policy ensuring the ultimate transparency and convenience for service users. The scheme has joined up the 5 district councils’ common housing registers.</p> <p>The development of one application form (paper based and available online) which captures all the relevant housing needs data gives applicants the opportunity to bid for all social housing across Somerset; a significant improvement in customer service and accessibility to the service across the County.</p> <p>The Homefinder scheme aims to offer greater choice and transparency, whilst continuing to meet housing need. The aim of this EIA is to ensure that applicants are empowered to make their own choices and decisions whilst providing the support required enabling people to do so.</p>	
<p>Section two – Groups that the policy or service is targeted at and main stakeholders in relation to the policy</p>	
<p>Those in housing need, customers wanting to transfer, those whom the Council has accepted a homelessness duty towards</p> <p>Stakeholders: Tenants, residents, households on the housing register, homeless households, voluntary organizations – support groups, Housing Associations, Arms Length Management Organization</p>	
<p>Section three – Groups that the policy or service is delivered by</p>	
<p>The 5 district councils and RSL partners.</p>	
<p>Section four – Evidence and Data used for assessment</p>	
<p>During July 2009 South Somerset District Council Scrutiny Committee decided to review Choice Based Lettings/Homefinder Somerset; this was primarily because a number of members had received enquiries and complaints from their constituents as they didn’t understand the scheme or felt it was unfair.</p>	

The review focused on the customer experience/perspective.

As Homefinder Somerset was a countywide scheme with:

- One common housing register across Somerset (previously five separate registers).
- One lettings policy governs the work of all five authorities.
- Shared IT provision.

Members felt it would be beneficial to conduct a joint task and finish review with members and officers across Somerset.

South Somerset District Council approached the Scrutiny Chairs and Officers across Somerset and invited them to join the review. Collectively the representatives from the authorities agreed a structure, ambition, terms of reference and project plan for the review.

Due to the wide scope of the review, it was agreed that the work would be separated into themed areas:

- Consultation
- Policy
- Statistics and benchmarking
- Web and Publications

Each themed area had a dedicated officer and representation of members from across the County. This ensured the review was truly countywide and provided a contact point at each council for every element of the review.

Also, the Homefinder Somerset partnership undertook a review of the common allocation policy through a public consultation exercise with both applicants and also with other stakeholders being asked a series of 33 or 34 questions on proposed changes.

The Homefinder Somerset Review Group agreed to sample 10% of active applicants for the consultation. With those that didn't have email addresses being written to. A total of 2169 applicants were contacted for the consultation (1093 were written to across all 5 local authority partners, and 1076 applicants were emailed).

All the housing providers within the Homefinder Somerset partnership were emailed requesting their feedback. In addition all other stakeholders that had an email contact address were emailed asking them to complete the questionnaire.

The consultation period ran from the 17th October to the 9th December 2010. There were 293 responses to the applicants' survey and 74 responses to the stakeholder survey.

53% of those responding to the stakeholder survey were landlords. The remainder were staff or members within the local authority partners, other smaller stakeholders, tenant panels and

housing forum respondents and parish councils.

Section Five - Conclusions drawn about the impact of service/policy/function on different groups highlighting negative impact or unequal outcomes

Views of the relevant groups/experts on the issues involved:

Scrutiny Review

- Problems bidding for those without computers – system viewed by customers as unfair and excluding e.g. older people
- Not understand the bidding cycle/that properties are advertised on a weekly basis
- Bidding via the telephone – too involved with too many lines and hashes to be pressed etc. Also the terminology on the phone line is different to the internet i.e. memorable date. All wording should be consistent between phone line, internet, letters etc.
- I am unable to use a computer, I do not have access to a computer and am unwell, and without adequate support how do I gain access to social housing?
- The telephone bidding is a problem as if people do not have access to the internet they cannot see the view of the property and they cannot always make a correct assumption on the suitability of the property from the recorded message. Maybe if the newsletters could be made more accessible somehow they would have a better chance of bidding for the properties they want.
- Some of the elderly or vulnerable clients may miss out on bidding as they do not understand and have no way of getting into our offices and we struggle to assist them due to demand in the office.
- Elderly people who not only struggle to use a computer, but also struggle with phoning to make a bid. This is also true for other, more vulnerable customers e.g. people with learning disabilities. Some customers may not bid at all if they don't understand when and how to bid.
- Elderly & vulnerable people without support struggle with bidding – there are probably people who have not registered at all on the scheme and are unaware of the scheme.
- I feel the scheme does not cater for the most vulnerable who need a high level of support such as street homeless, elderly and the infirm. Most have no support network and have no idea how to use a computer and should not be expected to learn (the elderly or illiterate which is unreasonable) to gain access to housing. Some elderly do not even have the ability to make phone calls due to Alzheimer's and the like. There is not sufficient staff to monitor and 'bid' for these groups and voluntary groups are under strain and also cannot manage to support all who need it. I feel the most at risk/need in society are missing out on an asset which is predominantly for the low paid, disadvantaged in society and feel very frustrated by it.
- It alienates those who are not computer literate.
- Not great for people who are not technology astute.
- Customers living in remote areas with no internet/computer access.
- Phone line isn't a great alternative to the web based version. Internet access is not available easily to all and required weekly to actively partake.
- I feel it is accessible to most people but not all as if resident' don't have the internet they will sometimes not apply as the phone line is chargeable and people either can't afford to keep ringing or don't want to spend the money.
- Difficult for people who do not speak English too understand the bidding system.

- Many of the most vulnerable people we see struggle to access their entitlement to bid or understand the process. Reasons for this include; learning difficulties, mental ill health, lack of finance, lack of access to internet or telephone, lack of help from Local Authority.

Allocation Policy Review

- Too many people from out of Taunton Deane are being offered properties which should really go to local people. As stated before, some HA's seem to be picking applicants and refusing for non-valid reasons, leaving local councils to pick up most homeless, and difficult cases.
- I think that the system is more difficult to access for older persons. This is reflected in the number of bids for this type of accommodation.
- Think the bidding procedure is more difficult for the elderly to understand.
- I don't think they are labelled correctly to reflect certain things, local connection etc...
- Due to the way supported housing is advertised incorrect applicants are being offered sheltered properties
- Older people who do not live in Yeovil are not catered for at all, quite often they are deaf and do not understand the process
- I still feel elderly people are not comfortable in using the system e.g. properties on sheltered scheme were advertised twice through CBL with limited response- when advertised in local newspaper properties were let quickly
- Ensure children of families in rural communities don't have to move away from their villages.
- The Gypsy and Traveller community seems to have been overlooked and there is not enough protection of Young People
- People get skipped or match rejected without a valid reason or any reason being given. People also get rejected due to issues/accusations which are not confirmed or substantiated. I thought Homefinder was supposed to be transparent and fair?
- Scheme needs more publicity still too many people that haven't heard of it
- Feel it is more than fair in terms of helping people who do not have English as their first language although the term 'bidding' can be confusing for older people who think money is involved.
- Am satisfied but feel we need other agencies & rural parishes to work more with us/be more aware of CBL registration & bidding system to get the message out there to everyone.

Section six – How will the assessment, consultation and outcomes be published and communicated?

Comments from customers and stakeholders discussed by the Homefinder Somerset Equalities and Diversity Sub-Group who proposed actions to combat the issues that arose.

These actions discussed at wider Homefinder Somerset Review Board and Monitoring Board.

Implications of implementing the proposed actions discussed at the Homefinder Somerset Operational Group and Working Group. The operational group is responsible for the implementation and operation of the ABRITAS IT system across all partners. The Working Group is responsible for the management of risks, including the development of contingency planning and for change control and any required configuration management.

Completed Impact Assessment update will be published on the Homefinder Somerset website alongside initial Equality Impact Assessment

Taunton Deane Borough Council

Tenant Services Management Board – 14th February 2011

Tenant Services Management Board Annual General Meeting 2011

Report of Martin Price – Tenant Empowerment Manager

1.0 Executive Summary

The Terms of Reference of the Tenant Services Management Board (TSMB) state that the TSMB holds an Annual General Meeting (AGM) in April of each year or within 15 months of the previous AGM. This report highlights the already agreed content of the AGM and examines other opportunities for the event.

It should be remembered that as it is nearing its first year in existence the TSMB has not previously held an AGM and therefore has no precedent or set format for the event.

2.0 Background

The Tenant Services Management Board held its first meeting in April 2010. One of its first tasks was to agree its Terms of Reference. Section 15 of this document states that:

“An Annual General Meeting will be held in April each year, or within 15 months of the previous AGM to:-

- Receive reports from the outgoing Chairperson on the board's activities during the year
- Elect Chairperson and Vice-chairperson
- Elect representatives to any Sub-committees or working groups
- Consider and vote on any resolutions put forward by tenants”

The above are the only requirements of the AGM set out in the Terms of Reference and can therefore be seen as the only compulsory items of the event.

In terms of the election of the Chairperson and Vice-Chairperson it should be noted that Section 5 of the Terms of Reference state that:

- The board shall have a Chairperson and Vice-Chairperson elected by the TSMB.
- Only voting tenant members of the board shall be eligible for nomination as Chairperson and Vice-Chairperson.
- The posts will be subject to elections at each Annual General Meeting. Should any post(s) fall vacant before an Annual General Meeting an election will be held at an ordinary board meeting.

3.0 Format of Annual General Meeting

As stated above, the TSMB has never before held an AGM and therefore has no previous format to follow. The TSMB could decide:

- To hold just the AGM
- To hold an AGM with other items to be added to the event's agenda such as a look forward to what the TSMB will be doing in the coming year
- To hold an AGM during a "Tenants' Day" (please see point 4 below)

4.0 "Tenants' Day"

A "Tenants' Day" is an event which typically runs all day (morning to evening, times to be agreed) and gives tenants an opportunity to gain information on and ask questions about topics that are of interest to them. The day is informal in terms of tenants can pop in at any time during the day, appointments do not have to be made.

Examples of groups or organisations that could be present during the day include:

From Tenants' Groups:

- Members of the TSMB to explain their role
- Members of the Tenants' Forum to explain their role

From TDBC:

- Repairs and Maintenance – discuss any issues in terms of the maintenance of a property and future major work programmes
- Housing Options – to discuss the allocating of properties and Choice Based Lettings
- Supported Housing – what options are available for those in need of support, be it sheltered housing, extra care housing and linking in with the Deane Helpline

- Estate Management – discuss issues such as what TDBC does about anti-social behaviour and different ways to pay rent
- Housing Benefit – to help with debt and welfare advice
- Community Development – opportunities for neighbourhood events and funding
- Affordable Housing – such as information on the regeneration of Halcon North

From outside of TDBC:

- Citizens Advice Bureau
- Jobcentre Plus - to discuss employment opportunities
- Energy Efficiency organisations (and energy suppliers) – how to save money in relation to energy bills

The above suggestions are by no means exhaustive and if the TSMB approves the “Tenants’ Day” it would be key in deciding who to invite to the event. Members of TDBC departments and other organisations would be present at stalls throughout the day to answer questions and give information to tenants.

The actual AGM of the TSMB could form part of the “Tenants’ Day”, with the formal meeting perhaps being held at 2pm.

5.0 Venue of Annual General Meeting

Previous discussions with tenants have suggested that tenants prefer to visit a central, non-TDBC venue when attending events. One possibility is for the event to be held at the Somerset County Cricket Ground. TDBC could negotiate a beneficial rate with Somerset County Cricket which should reduce the costs of staging the event.

6.0 Publicity

Whichever format the TSMB chooses in terms of the AGM an effective publicity campaign is key to ensure as many tenants as possible know about the event and are able to attend.

As well as tenant representatives informing other tenants of the event TDBC staff such as the Media and Public Relations Officer, Estate Officers and Sheltered Housing Officers could be asked to help publicise the event in conjunction with posters, flyers and the Somerset County Gazette.

7.0 Financial Implications

The main costs of the event would be the hire of the venue and publicity. Once the TSMB has agreed the format of the AGM officers will provide costings and report back to the board.

8.0 Links to Corporate Aims (Please refer to the current edition of the Corporate Strategy)

Proposals have the potential to impact on the Corporate Aims: Tackling Deprivation and sustainable Community Development; Regeneration; and Affordable Housing

9.0 Recommendations

It is recommended the Tenant Services Management Board:

- Receive and note this report;
- Consider the format of the Annual General Meeting
- Consider the venue for the Annual General Meeting
- Task Officers with planning and organising the Annual General Meeting and update the Tenant Services Management Board at their March meeting.
- If a “Tenants Day” format is preferred consider which topics and organisations should be invited to and represented at the event.

Minutes of the meeting of the Tenant Services Management Board held on Monday 14 February 2011 at 6pm in The John Meikle Room, The Deane House, Belvedere Road, Taunton.

Present: Mr Etherington (Chairman)
Councillor Bowrah, Councillor Brooks, Mrs Drage, Mr Galpin,
Mrs Hegarty, Mr Hellier, Mrs Marshall and Mr Watkin

Officers: Stephen Boland (Housing Services Lead), Steven Clarke (Estate Officer), Norah Day (Housing Estate Manager), Donna Durham (Democratic Support Manager), Chris Hall (DLO Project Manager), Martin Price (Tenant Empowerment Manager), Rosie Reed (Tenant Services Development Officer), Christine Thompson (Support Housnig Manager), Tracy Vernon (Tenant Services Development Officer), Lesley Webb (Housing Enabling Lead) and Phil Webb (Housing Property Services Manager)

(The meeting commenced at 6pm)

10. Apology

Apology: Mr Edwards (Vice-Chairman)

11. The minutes of the meeting of the Tenant Services Management Board held on 13 January 2011 were taken as read and were signed.

12. Declaration of Interests

The following members declared a personal interest as a Council house tenant:

- Mrs Drage
- Mr Etherington
- Mr Galpin
- Mrs Hegarty
- Mr Hellier
- Mrs Marshall
- Mr Watkin

Councillor Brooks declared personal interests as a Council House Tenant and as a Member of Somerset County Council.

13. DLO Transformation Project

Chris Hall updated Board members on the DLO Transformation Project.

A financial review was being undertaken which would look at how the financial deficit had originated.

Yarlington Homes was visited and saw that a lot of technology was used to issue and transfer jobs to their staff. They were currently considering which of their systems could be used by the DLO.

Work had begun on the Nursery's marketing plan. They were also making contact with other Local Authorities to find out what best practice was used.

The DLO staff survey had been published. These were included in the newsletter which was published on the Council's intranet.

The greenhouses and poly-tunnels were filled to capacity in the summer, but not during the winter months. Consideration was being given to buying in shrubs and plants to sell to gain additional income.

Deployment of staff was being consulted on with UNISON. A workshop had been held with key Managers to see how levels of sickness could be reduced. Additional support needed to be given to employees to ensure that staff returned to work as early as possible.

The options appraisal for the Vehicle Transport Workshop was due to be completed. The Vehicle Transport Workshop maintained the fleet and options were being considered for future efficiencies.

The process in the Stores was under review and it was thought that improvements could be made which would generate efficiencies.

During the discussion of this item, the following comments and questions were asked. Responses are shown in italics:

- Sickness was not recorded accurately and gave a false reading.
This had not been resolved; and
- Would it be feasible to have a bonus scheme for good attendance?
It had been considered but perhaps a form of recognition for good attendance.

Resolved that the update be noted.

14. Implementing Self-Financing for Council Housing

Reference Minute No 19/2010. The Housing services Lead updated the Board regarding the report on the Paper 'Implementing self financing for council housing'.

The objectives of the reforms which would be implemented in April 2012 were:

- To give Local Authorities the resources, incentives and flexibility they needed to manage their own housing stock;
- To have transparency in order to give tenants clear information as to how and where the rent collected by the landlord was spent;
- The reforms were based on individual Local Authority's housing business in order to give a sustainable self-financing settlement. The reforms were not redistributing a fixed amount of debt between Local Authorities but would abolish Housing Revenue Account Subsidy; and
- All the reforms had implications on the Housing Revenue Account and did not impact on the General Fund.

The key components to self financing were:

- It was only rental income that was included within the valuation as service charges were not included within the subsidy system;
- Spending needs had been recalculated which allowed Local Authorities to have more money to spend on maintaining, managing and repairing stock;
- With additional debt being taken, there would be further responsibilities for Treasury Management; and
- Following the consultation, it had been decided that any plans to demolish properties within the next few years, would be excluded.

For Taunton Deane Borough Council the self financing valuation was £117.8m and the self financing payment £87.2m, this left head room of

£30.6m. Taunton Deane Borough Council already had borrowings of £14.51m in the HRA so the available borrowing after the self financing would be £16.09m.

Robin Tebbutt from Housing Quality Network would work alongside the Finance Team to plan the transition.

A timetable of key dates was submitted, which showed that self financing would start in April 2012.

During the discussion of this item, Members of the Board made comments and asked questions. Responses are shown in italics:

- What benefits would self financing have for the tenants? *The detail was needed, although there could be additional funds available for the delivery of new developments, which had been a priority for the Board;*
- What was limit rent? *Housing Associations and Local Authorities charged different rents and the Government was looking for the rents to converge, by 2015/2016. This meant that the Council would have to increase their rents, but there was a limit as to how much they could be increased on an annual basis, without penalty costs being incurred;*
- Was £16.09m the limit that could be borrowed? *It was an additional amount of borrowing potential, but this could increase as debts were repaid;*
- Do we know how much our rents differ from Housing Associations? *The information was not available but the Housing Services Lead stated that he would circulate the information to the Board;* and
- When the Government announced that rents had to converge, 2010 was the date set originally for convergence.

Further updates would be issued to the Board.

Resolved that the report be noted.

15. Regeneration – Halcon North

The Housing Enabling Lead gave the Board an update on the Regeneration of Halcon North project.

Surgeries were being held once a week at Halcon for tenants, but it was vital to keep communications open.

The local elections would cause some delays. The Executive had recommended that £50k was provided from the Housing Revenue Account to fund consultancy expertise for the options appraisal work.

The Project Working Group were working hard to produce the Business Plan and it was hoped that the Business Plan would be completed by May 2011.

During the discussion of this item, Members of the Board made the following questions and asked questions. Responses are shown in italics:

- The delays were causing concern to owner/occupiers. *Meetings had been held with owner/occupiers and communication lines kept open. Owner/occupiers would be responsible for obtaining a valuation of their property with a view to the Council purchasing the properties. This was essential to the success of the Project. Each property would need to be considered on its own merit;*
- Was the incentive of £4,700 encouraging tenants to move forward with the Project? *Tenants had a variety of views about the incentive. Some tenants had said that the priority was to have a new property, others wanted a fresh start in a different area. However, any arrears would be taken out of the incentive bonus; and*
- Some tenants were concerned about the large number of houses that had been originally mentioned. *The architects had looked at the site and the concept showed a maximum of 500. However, it was likely that less than 500 homes would be delivered as larger houses were required on the site.*

Resolved that the update be noted.

16. Anti-Social Behaviour Service Standard

Considered report previously circulated, regarding the proposal for a new service standard for Anti Social Behaviour for Taunton Deane Borough Council Landlord Services.

The report outlined the service that tenants in Council housing could expect from landlords, with regard to managing anti social behaviour, and provided details of the specific elements of the service.

It showed how the current service worked and the timescales involved in contacting the complainants. The standards also showed that Taunton Deane Borough Council would keep in contact with the complainant.

The report gave the Tenant Services Management Board the opportunity to comment and shape the service standard for anti social behaviour.

Landlord services were responsible for ensuring tenants complied with their tenancy agreements and did not behave in an anti social manner within the community. The Council housed some of the most vulnerable and disadvantaged in society who needed support.

The service standard showed the minimum standard that tenants could expect from the Council in relation to the investigation of neighbour nuisance or anti social behaviour. Following the registering of the complaint, tenants would be informed of the Council's response and what actions could be taken.

The outcomes which could be expected from the implementation of this standard were:

- Improved information to tenants on the landlord service;
- Tenants would be more aware of the service provided by the Council;
- The performance would be monitored and reported back to the Tenant Services Management Board.

If implemented it was intended to inform all tenants of the new Standard by updating existing Tenant Welcome Packs, information on the Council's website and providing information in editions of Deane Housing News.

During the discussion of this item, Members of the Board made comments and asked questions. Responses are shown in italics:

- There did not seem to be such a high level of anti-social behaviour recently. *As the weather gets better and the nights lighter, it was anticipated that more anti social behaviour would be reported. Details of the types of anti social behaviour and how it was dealt with could be reported to a future meeting;*
- There was some offensive graffiti in Wordsworth Drive. *The property was not in the Council's ownership, but the Council through a protocol with the Police was dealing with it;*

- There needed to be something in place to ensure that investigations into anti social behaviour could progress, even when staff were absent;
- Details of how complaints could be made, should be included in the leaflet. The leaflet should suggest that complainants could contact the Tenants Forum.

Resolved that the Anti Social Behaviour Standard be approved with the addition as suggested.

17. Homefinder Somerset Revised Allocations Policy – Revised Policy

Considered report previously circulated, concerning the recent review of the Allocations Policy.

The Homefinder Somerset Partnership was formed in 2005 and had secured funding for the Choice Based Letting scheme (CBL). The Partnership consisted of five housing authorities within Somerset and their principal social housing landlords.

The review group considered any issues that had been raised since CBL had gone live. In addition, a detailed scrutiny review by Members had been undertaken, which focussed on the customer facing aspects of the scheme. Where possible, any suggested improvements had been made.

Any proposed changes to the allocations policy were then consulted on. The key proposed changes were:

- Assessment of applicant finances to establish if an applicant could meet their own housing needs;
- Assessment of the level of medical considerations. Gold Band criteria would change from life threatening, to serious medical conditions and the Silver Band criteria would be reduced from significant to moderate medical conditions;
- Households who matched four or more Silver Band housing needs would be awarded Gold Band status for cumulative housing need;
- Tenants of Homefinder Somerset Partners, who lived in Somerset and were required to relocate due to major rebuilding or renovation works, would be placed into Gold Band to facilitate the rebuilding/renovation works;

- The removal of the priority given to households with children under ten years of age that had no access to an enclosed garden as a consideration for Silver Banding;
- Due to the shortage of social housing in the area, applicants with children who did not live with them permanently would not be entitled to an additional bedroom;
- To amend the policy to make it clearer when a property could be labelled for priority to local applicants;
- For a clearer definition of local connection which was based on that used for homelessness;
- That homeless cases awarded Gold Band status who did not bid for suitable properties within 8-16 weeks could have automatic bids placed on their behalf by the relevant Local Authority for suitable properties;
- In order to reduce the number of applicants refusing offers, it was proposed that applicants who refused three formal suitable offers could be placed into Bronze Band for three months. This would exclude accepted homeless cases; and
- To simplify the housing register application process, application forms would be reduced in size by approximately 50%.

The majority of stakeholders and applicants consulted, agreed with the proposed changes.

Resolved that:

- (1) The findings into the review of the existing Homefinder Somerset Common Allocations Policy be noted; and
- (2) The revised draft Homefinder Somerset Common Allocations Policy be agreed.

18. Tenant Services Management Board Annual General Meeting

Considered report previously circulated, concerning the Tenant Services Management Board's (TSMB) Annual General Meeting (AGM).

The Terms of Reference of the TSMB stated that an AGM would be held in April of each year or within 15 months of the previous AGM.

The purpose of the AGM was to:

- Receive reports from the outgoing Chairperson on the Board's activities during the year;
- Elect a Chairperson and Vice-Chairperson;
- Elect representatives to any Sub-Committees or Working Groups; and
- Consider and vote on any resolutions put forward by tenants.

The options for the AGM were to either hold just the AGM, hold an AGM with other agenda items added as necessary, or to hold an AGM as part of 'Tenants Day'.

Previous discussions with tenants had suggested that a central Taunton venue was preferable, but not a Council venue.

Publicity of the AGM would be necessary to ensure that as many tenants as possible attended.

During the discussion of this item, Members of the Board made comments and asked questions. Responses are shown in italics:

- How long was the term of office for Board Members? *2 years;*
- Could any remaining budget for the Tenant Services Management Board be carried forward? *Yes;*
- A central Taunton location would be preferred. *There was an arrangement with Somerset County Cricket Club and a preferential rate could be secured;*
- 11am to 7pm was suggested for a 'Tenants Day';
- Neighbourhood Care and the Home Furniture Services Trust should be invited to attend. In addition, an organisation that offered parenting skills and representatives from Family Centres should be invited; and
- Additional items for the AGM agenda would be considered at the Board's next meeting.

Resolved that:

(1) The report be noted;

(2) The Annual General Meeting of the Tenant Services Management Board be held at the Somerset County Cricket Ground or a central Taunton venue if that was not available and as part of a 'Tenants Day'; and

(3) Officers be tasked with planning and organising the Annual General Meeting and report to the Board at their next meeting in March 2011.

19. Welcome Pack

The Housing Services Lead reported that a 'welcome pack' had been produced for new tenants.

The Audit Commission had commented that the 'welcome pack' included useful information for new tenants. However, they had also commented that it was not available to existing tenants.

The cost of issuing the 'welcome pack' to all tenants would be approximately £20,000.

It was suggested that either tenants could request a copy of the 'welcome pack', or a copy could be issued to all tenants. The 'welcome pack' was available electronically on the Council's website.

Members of the Board felt that the cost of issuing the 'welcome pack' to all tenants was excessive. They suggested that the issue of the 'welcome pack' be restricted to new tenants, but that details were included in the newsletter 'Tenants' Talk' stating how a copy could be obtained. The production of a small leaflet with a reply slip was discussed, which would enable all tenants to request a copy.

The Board felt that copies of the 'welcome pack' should be put in Libraries and Family Centres.

The Chairman commented that the 'welcome pack' had been well designed and could be easily updated. He suggested that a database should be maintained to ensure that any tenants who had been issued with a 'welcome pack', could be issued with any amendment sheets.

Resolved that the 'welcome pack' be issued to all new tenants and details be included in the 'Tenants' Talk' stating that it can be viewed online, or a hard copy can be requested.

(The meeting ended at 8.20pm)
