

Council Meeting – 14 December 2010

Recommendations to Council from John Dewdney, Chairman, Independent Members' Allowances Panel

Members' Allowances

Recommendations from the Members' Allowances Panel

- 1.1 It has been a requirement of the Council's Constitution since 2001 for Members' Allowances to be independently reviewed on an annual basis.
- 1.2 The Members' Allowances Panel, which currently comprises four independent members appointed following public advertisement, has recently completed its annual review and now submits its report for consideration by Full Council.
- 1.3 From the research we have undertaken and from the information provided to us we feel we have a good understanding of the roles and responsibilities of the modern day Councillor.
- 1.4 The comparative data received this year has allowed us to identify the trends that are continuing to develop in respect of the payment of allowances.
- 1.5 As well as the comparative data from other Local Authorities in the South-West on the level of allowances paid, we also obtained information regarding payment of the Carer's Allowance, and levels of travel and subsistence allowances.
- 1.6 We have also given Councillors the opportunity to come and speak to the Members' Allowances Panel with any suggestions they might have or representations they might want to make.
- 1.7 We reached the following conclusions:-

Carers Allowance

- 2.1 There is little evidence that this is an issue with many of the current Members of the Council. However, we are firmly of the view that every opportunity should be given to any individual who might want to stand as a candidate. We are therefore recommending that the Carer's Allowance continues to reflect the National Minimum Wage.
- 2.2 Due to the decision taken by Full Council last year to freeze all allowances, the rate payable to claimants is £5.73 per hour whereas the national rate has since risen to £5.93 per hour from October 2010. The Panel is therefore of the view that any claims made by Councillors for this allowance ought to be paid at the current national rate.

Affordability

3.1 We did not see it as part of our remit to consider the affordability of our recommendations. We have deliberately not received any advice on the financial implications of our recommendations, as it was felt that this was a consideration to be made solely by the Council itself.

Basic Allowances

- 4.1 We would like to emphasise that in our opinion the Basic Allowance is not a full and proper recompense for the duties performed by a Councillor. It does not reflect a similar level of responsibility in the private sector. The recommendations reflect the fact that a proportion of any Councillor's work continues to be voluntary.
- 4.2 We believe that the Basic Allowance should continue to reflect the commitment in time necessary to be an effective local Councillor. We feel that the level of increase made two years ago resulted in a Basic Allowance that continues to match that paid by other, similar sized Local Authorities.
- 4.3 We are very mindful of the requirement for Councillors to work in their communities and spend less time in formal meeting situations. However, like last year, we are also mindful of the economic conditions that continue to exist within the country and how a recommended increase might be viewed by the public.
- 4.4 In previous years the increase recommended by the Panel has taken into account the current Retail Price Index (RPI) rate of inflation towards deciding the level of the Basic Allowance. In September/October when the Panel met, the RPI stood at 4.7%.
- 4.5 However, given the fact that the country's public finances are still in turmoil with a two year freeze on public sector pay, the Panel is of the view that any increase to the Basic Allowance for Councillors cannot be justified, even when the RPI is taken into consideration. The Panel has therefore decided not to recommend any increase for the forthcoming year.

Special Responsibility Allowances

- 5.1 The Corporate Scrutiny and Community Scrutiny Committees have an equal standing. The Chairman of each Committee has the same level of responsibility and therefore receives an equal Responsibility Allowance.
- 5.2 Two years ago the Panel set a level of allowance to recognise this level of responsibility. However, from the comparative data available to the Panel it is apparent (as it was last year) that the allowance paid has been set at too low a level. The Panel therefore repeats its previous view that the Responsibility Allowance paid to the Scrutiny Chairmen should be increased.
- 5.3 We have a good understanding of the responsibilities of those offices that attract

Special Responsibility Allowances. The “Cabinet” system has meant greater responsibility and time commitment for those given Executive roles. It is also evident from the figures of the other authorities that there is now a general recognition of the extra responsibilities that such Councillors have. However, for the same reasons outlined in the previous section of the report concerning Basic Allowances, we feel that the level of Special Responsibility Allowances, other than the Scrutiny Chairmen, should not be increased.

5.4 We also looked again at the level of allowance for the Chairmen of the Regulatory Committees and feel these too should remain the same.

Mayor and Deputy Mayor Allowance

6.1 Although it does not form part of the Members’ Allowances Scheme, the Council is entitled by virtue of Sections 3 and 5 of the Local Government Act 1972 to pay an allowance which enables the Mayor to meet the expenses of his/her office. We are satisfied that the overall level of allowance currently paid to the Borough’s First Citizen and the deputy accurately reflects the duties of those roles. No increase is therefore recommended.

Approved Duties

7.1 We have taken a detailed look at the current list of Approved Duties. We are happy that this list which is set out in Appendix A is satisfactory.

Parish Council Allowances

8.1 Existing powers to pay Parish Councillors allowances were repealed at the end of 2003 and replaced with a new system which involves this Panel.

8.2 Under this system, although a Parish Council would determine the level of allowances payable itself, it has to have regard to the advice received from the Panel.

8.3 Allowances payable include a basic ‘participation allowance’ which could be paid to the Chairman only or to all Members and ‘travelling and subsistence allowance’ which can be claimed for duties within the parish as well as those outside.

8.4 As far as the participation allowance was concerned, the general view from Parish Councils nationally was that they wished to retain the existing practice whereby Parish Councillors were ‘unpaid’. The advice we have received from the Parish Liaison Officer is that Parish Councils within Taunton Deane are currently not seeking any kind of allowance. We feel therefore, that there is no need to consider the matter until a formal request for advice as to the level of allowance that should be paid is received.

8.5 As well as seeking the Panel’s views on the level of travelling and subsistence that should be payable to Parish Councillors, we were also previously asked to comment in relation to proposals for Parish Councils to meet the cost of minor

expenses incurred by its members, such as the replacement of computer consumables used in respect of parish business

8.6 We agreed with the deliberations of the Panel in previous years and have come to the conclusion that:-

- (a) no advice on a level of Participation Allowance for Parish Councils be offered by the Panel until a formal request is received from a Parish Council;
- (b) allowances for travelling and subsistence should be identical to those payable to Borough Councillors and that the same level of such allowances should apply for all Parishes throughout Taunton Deane; and
- (c) it would be in order for Parish Councillors to seek the reimbursement of the actual cost of items used for Parish Council business, such as computer consumables, or a nominal sum, provided such payments were approved by the Parish Council.

Travel and Subsistence Allowances

9.1 The Regulations allow Local Authorities to determine their own travel and subsistence allowances after having regard to the recommendation of their independent Members' Allowances Panels.

9.2 As far as mileage rates are concerned, the Panel considers that car expenses should be limited to the tax free amount allowed by the Inland Revenue.

9.3 It is therefore felt that the basic mileage allowance should remain at the limit which the Inland Revenue would not treat as a taxable benefit – 40p per mile. The rate would apply whatever the size of car engine, because the size of car was a matter for the individual.

9.4 With regard to subsistence allowances, the Panel feel that the subsistence rates should be the same as those paid to the Council's officers. These have recently been reviewed nationally and the level of subsistence allowances payable to Councillors should be revised accordingly.

Pensions for Councillors

10.1 The Government has given Local Authorities the power to admit Councillors to the Local Government Pension Scheme (LGPS).

10.2 The Regulations require the Members' Allowances Panels to make binding recommendations on which Councillors may be eligible for access to the LGPS.

10.3 The independent Panel can make recommendations as to which Members (under 70 years of age) should be entitled to membership of the Scheme and whether the Basic Allowance or the Special Responsibility Allowance or both should be made pensionable.

10.4 Our view continues to remain unchanged. We acknowledge that the current

level of Basic Allowance might not make membership of the Scheme worthwhile for many Councillors. However, we agree with the principle that all Councillors should be treated equally on this issue. Every opportunity should be taken to encourage individuals to stand as candidates and an enhancement of the overall remuneration package for Councillors will help this aim. We continue to feel, therefore, that the Scheme should be made available to all Councillors who want to take advantage of its benefits. We do not intend to make any change to our previous recommendation.

Renunciation

11.1 The Panel noted that a Member may, by notice in writing, elect to forgo any part of his/her entitlement to an allowance and associated benefits.

Time Limit

12.1 As previously, the Panel recommends that Councillors should submit their allowance claims regularly and we suggest a time limit of six months for backdated claims.

Co-optees

- 13.1 The Regulations also make allowance for the payment by the Council of Allowances for persons co-opted onto the Council. The only category of person this would affect currently is the Council's Standards Committee.
- 13.2 Two years ago, the Panel recommended that a Basic Allowance should be paid to the seven independent Members who serve on the Standards Committee with an additional Special Responsibility Allowance being payable to the Chairman. This recommendation was accepted.
- 13.3 However, during last year's review it was apparent that the level of allowance agreed was far too low when the level of responsibility the independent Members now have is taken into account and, particularly, when it is compared with that paid by other Local Authorities in the South-West to the independent Members of their Standards Committees.
- 13.4 The primary roles of the independent Members of the Committee are to promote and maintain high standards of conduct for Members of Taunton Deane, helping Members follow the Code of Conduct and dealing with complaints received against Borough or Parish Councillors.
- 13.5 The bulk of the work involved in investigating complaints does fall on the independent Members of the Committee and this fact was recognised by the former Government who recommended that an appropriate allowance should be paid to such Members based on the level of responsibility they now had.
- 13.6 Taking into account the comparative data before the Panel and the very helpful information previously received from representatives of the Council's Standards Committee, the Panel remains of the view that the level of

allowance paid should be increased.

13.7 When discussing this issue, the role of the three Parish Council representatives on the Standards Committee was also considered.

13.8 Although, the Council has yet to receive any complaints in respect of a Parish Councillors, this situation is likely to occur in the future. In such circumstances, the Parish representatives will be required to take on exactly the same role as the independent Members in dealing with the various stages of an investigation. In other words they will have the same level of responsibility as the independent Members and, as a result, the Panel is of the view that the Parish Council representatives should be paid exactly the same allowance as that paid to the independent Members.

Recommendations in full

14.1 The Panel therefore submits the following recommendations for consideration by the Council. A summary of the proposed changes is set out in bold print at paragraph 15.1.
