# Corporate Risk Management Update

This matter is the responsibility of CIIr Richard Parish, Lead Member for Resources

Report Author: Richard Doyle, Corporate Strategy & Performance Officer

#### 1 Purpose of the Report

1.1 This report provides an update on the corporate risks which are being managed by the Joint Management Team (JMT). The Committee are invited to debate whether all necessary corporate risks have been identified.

#### 2 Recommendations

- 2.1 It is recommended that:-
  - The committee note the current position in relation to the identification and tracking of corporate risk and discuss any areas of concern with officers present.
  - The committee debate whether all necessary corporate risks have been identified.

#### 3 Risk Assessment

#### **Risk Matrix**

Description	Likelihood	Impact	Overall
There is the general risk that if the Council fails to make good use of the management of risk processes it is likely to lead to uncontrolled exposure to many high level strategic and operational risks.	Feasible (3)	Major (4)	Medium (12)
The mitigation for this will be the identification and management of risk at all levels of the organisation and oversight of the key strategic risks facing the Council by Members and JMT.	Unlikely (2)	Significant (3)	Low (6)

#### 4 Background and Full details of the Report

4.1 Taunton Deane Borough Council recognises the importance of effective identification, evaluation and management of all key strategic and operational risks. This is endorsed by the increased focus on the importance of Corporate Governance to public sector bodies. The Council also has a statutory responsibility to have in place arrangements for managing risks, as stated in the Accounts & Audit Regulations 2003:

"The relevant body shall be responsible for ensuring that the financial management of the body is adequate and effective and that the body has a sound system of internal control which facilitates the effective exercise of that body's functions and which includes the arrangements for the management of risk."

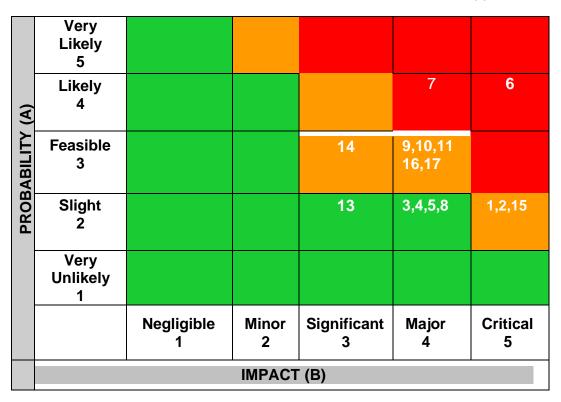

- 4.2 Risk management is a key element of the Council's overarching Governance arrangements.
- 4.3 The Corporate Risk Register is a 'live' document which highlights the key corporate risks facing the Council. The register is a joint one between Taunton Deane and West Somerset Council and is formally reviewed by JMT on a regular basis as part of the corporate performance review day. The last JMT review took place on 30<sup>th</sup> September 2016. The next review is scheduled for 19<sup>th</sup> May 2017.
- 4.4 These regular reviews ensure that new strategic-level risks can be recognised; continuing risks can be re-assessed in the light of management actions to date; and risks which are no longer considered important can be removed.
- 4.5 Risk registers exist with divisions, teams, projects and programmes. All these Risk Registers were updated in **January 2017**.
- 4.6 Risks which are managed at a corporate level are those which have a significant risk to the delivery of a corporate priority or which are cross-cutting risks that don't naturally sit with a single department or team. These risks have been identified and escalated from other risk registers within the Councils, officer concerns or from external sources.
- 4.7 There are currently **16** strategic risks identified and approved by JMT (**12** joint risks, **1** WSC risk and **3** TDBC specific risks).
- 4.8 Mitigating actions have continued to be delivered in respect of the various risks. These are set out in the risk register and will continue in order to manage down the risks to an acceptable level.
- 4.9 An extract of the corporate risk register is provided in Appendix A. Members are invited to review the register and consider whether all the appropriate Corporate Risks have been identified.

			At present TDBC is in the process of implementing 2 new core systems, namely a

			<ul> <li>Local people aren't trained and are unable to gain employment on the project</li> </ul>				

11	BOTH	Communities	WELFARE REFORMS	Simon Lewis	3	4	12
			<ul> <li>There is an on-going requirement to reduce benefit payments (CTRS, Business Rates, Universal Credit) - the Welfare Reforms will mean that people in the welfare system will receive less Council Tax support. It will also mean that Universal Credit will be paid directly to tenants rather than the HRA housing landlord.</li> <li>a) RISK - of the Council failing to adequately support our community and services for the impact of the Government's Welfare Reform Agenda.</li> <li>b) RISK - of the TDBC Housing Service having substantially reduced collection rates on introduction of Universal Credit</li> <li>KEY EFFECTS-</li> <li>taxes and rents harder to collect</li> </ul>	Paul Fitzgerald

			organisation finds it difficult to atract and retain the right skills - leads to use of expensive agency workers or disruption to service provision.
