Somerset West and Taunton Council Fees and Charges 2019/20

Licensing

Background

The Licensing Service offers advice, processes applications, monitors compliance and undertakes enforcement action across a number of different regimes;

- Animal Welfare (animal boarding, dog breeding, dangerous wild animals, zoos, pet shops, hiring of horses and keeping or training of animals for exhibition)
- Caravan Sites
- Charitable Collections (street & house to house Collections)
- Gambling Act 2005
- Licensing Act 2003
- Highways Act 1980 (s115E permissions)
- Scrap Metal Dealers Act 2013
- Sex Establishments (shops, cinemas and sexual entertainment venues)
- Skin Piercing
- Street Parties
- Street Trading
- Taxis (vehicles, drivers & operators)

Where legislation allows for cost recovery, fees are levied against the administration of the regime and the supervision of licences issued.

These fees are calculated from a combination of four elements.

Application Processing	Time taken to process application from initial enquiry to issue of the decision
------------------------	---

Consumables	The cost of specialist materials specific to the licence type
-------------	---

Administration	Time allocated to maintenance of the regime
----------------	---

Monitoring Compliance	Time allocated to supervision of the regime
-----------------------	---

Each element is split down into a series of activities against which a time allocation is given and the appropriate proportion of an hourly rate (constructed from salary costs and non salary on costs for all officers involved in the process) is then applied and totalled to give an overall cost.

In accordance with case law and the Provision of Services Regulations no fee is levied in respect of enforcement action against unauthorised activities, with the exception of licences issued under the The Animal Welfare (Licensing of Activities Involving Animals) (England) Regulations 2018, where section 13(d) allows the local authority to include within its fees 'the reasonable anticipated costs of enforcement in relation to any licensable activity of an unlicensed operator'.

Figures calculated for the 2019/20 fee setting are part of an ongoing process towards achieving full cost recovery. The figures have been further refined over the previous year and these figures offer a reasonable position in respect of the costs incurred in the uninterrupted processing of applications.

All fees

R v Manchester City Council, ex p King (1991) –

The cost of the licence has to be related to the cost of the licensing scheme itself.

All Fees with the exception of Taxis

Provision of Services Regulations 2009 s18(4) - Any charges provided for by a competent authority which applicants may incur under an authorisation scheme must be reasonable and proportionate to the cost of the procedures and formalities under the scheme and must not exceed the cost of those procedures and formalities

R (Hemming and others) v Westminster Council

103. It is clear and undisputed that costs incurred in investigating the suitability of an applicant for a licence can be reflected in the fee. In the case of an application to renew a licence, I consider that the costs of monitoring the applicant's continued suitability can include the costs of monitoring compliance with the terms of their licences in the past. Once the Council knows what those costs are in broad terms, as it does by reference to what has happened in the past, it is, in my judgment, entitled to include them in the calculation for the next year's licence. There may be a formulaic element to this calculation. But the example of European Commission v Spain is a strong indication that using a formula that proceeds on the basis of the cost of the actual authorisation process is justified.

Charges

Set out in Appendix E1

Discounts

The fee construction has been calculated on the basis of full recovery of costs allocated directly to the service and it is not proposed to offer any discounts in respect of any of the fees levied. An exception exists with those fee levied under the Gambling Act where the Council charges eighty five percent (85%) of the maximum fee permitted, as the original fee levels set by government included an element for enforcement against unlicensed operators and the Provision of Services Regulations 2009 removed the ability to charge for such activities.

Budget Impacts

As set out above there is no legal authority to levy a charge in respect of charitable collections and the costs of this regime (approx £5K) will need to be borne by the Council.

All fees have been constructed on an anticipated number of applications (calculated using an average of the last three years figures). Should application numbers fall below the anticipated figure then full cost recovery may not be achieved.

Surplus and deficit should be dealt with across a rolling three years such that the balance is zero on those fees which are set locally. This should be reflected in the fee. It is only in recent years as a result of case law that the Council has quantified its approach in this way.

Taxi fees and charges are separately accounted for. Surplus and deficit in this area should also be dealt with across a rolling three years such that the balance is zero or is redressed in fee levels in the following financial years to achieve full recovery of costs.

Equality Impact Assessment

There are no proposed changes to the charging policy, therefore No Equality Impact Assessment is required.

Recommendation

Fees for applications under the Licensing Act 2003 and Gambling Act 2005 are set by statute so increases under local arrangements are not currently possible. For those fees where local discretion exists they cannot exceed the parameters set out within the appropriate statutes.

Guided by case law and through the results of the costs analysis detailed above the suggested fee levels are set to achieve, as far as possible, full recovery for the projected costs to the Council of unfettered administration and supervision of the various licensing regimes.

It would be unlawful for the Council to deliberately set fees to make a profit and any over (or under) recovery will need to be redressed in future fee levels.

In order to ensure fees levied are reasonable and lawful, consideration can only be given to setting fees at the level suggested or at a level lower than those set out within the report thereby subsidising those businesses regulated by the Council's Licensing Service.
