4.2 At the start of each financial year an audit plan is agreed between SWAP and the Council which identifies the areas of highest potential organisational and operational risk within the Council.

4.3 When an audit takes place a report is provided to the service manager concerned which gives an audit conclusion and opinion.

4.4 Any control or procedural weaknesses are identified within an action plan appended to the audit report.

4.5 All findings will be allocated one of 3 priority ratings as follows:

Priority 1	Findings that are fundamental to the integrity of the service's business processes and require the immediate attention of management
Priority 2	Important findings that need to be resolved by management
Priority 3	Finding that requires attention

4.6 Each finding within the action plan contains a target implementation date which has been agreed between SWAP and the service manager concerned.

4.7 All priority 1 recommendations are captured in a register to ensure progress against the recommendations can be tracked and progress reported to the Audit, Governance and Standards Committee.
